Educational Notices.

Presidency Division.

NOTIFICATION.

40/1A, Free School Street, Calcutta, the
27th June, 1930.

Test Examination of private candidates for the Matriculation Examination of 1931.

A Test Examination of private candidates will be held in the Senate Hall, Calcutta, from Monday, the 24th November 1930. *Such candidates only as reside in any of the districts of the Presidency Division, including Calcutta, will be admitted to the examination.* The term "private candidates" includes school-masters. A non-Bengali candidate should produce an affidavit sworn by his legal guardian before a Magistrate that the candidate has been in residence in any of the districts of the Presidency Division including Calcutta for at least one year before the date of the examination.

2. (a) Private candidates are those who have not attended any school, recognised or unrecognised, imparting general education for at least one year previous to the Matriculation Examination. They should produce proof that they have not attended any school for such period.

(b) They should also produce certificates of conduct and progress in studies from the authorities of the last school where they read, and also a certificate from other reliable authorities regarding conduct and progress in studies after leaving school.

(c) The transfer certificates granted to them by the authorities of the schools in which they studied last and the Registrar's receipt for the fee paid in the case of those candidates who previously appeared at the Entrance or the Matriculation Examination must be submitted in original along with the application for permission to appear at the Test Examination.

(d) A statement of the antecedents of the candidate should accompany his application. He should state whether he has read in any unrecognised school, and, if so, in what school and in what year. A student, who failed to pass the annual examination for promotion to the first class at the end of the year 1929 and then left school, will in no circumstances be allowed to appear at the Test Examination of 1930.

3. *Bona fide* teachers employed in any of the schools in the Presidency Division may be admitted to the examination. They must produce certificates of service and character from their employers or from the District Inspector of Schools of the district concerned.

4. No one shall be admitted to the Matriculation Examination unless he has completed the age of fifteen years on the first day of the month in which the Matriculation Examination is held.

5. Each candidate should submit to the Inspector of Schools, Presidency Division, and *not to the undersigned personally*, not later than the 1st November 1930, his application for admission to the Test Examination, with the following particulars:—

(1) Age, (2) home district and residence, (3) father's name, (4) whether he appeared at any previous Entrance or Matriculation Examination, (5) classical language, (6) vernacular language, and (7) which two of the following optional subjects he has taken up:—

- (a) Additional Mathematics.
- (b) Additional paper in a classical language.
- (c) History.
- (d) Geography.
- (e) Elementary Mechanics.

Candidates may only offer one of the following vernacular and classical subjects (compulsory or additional):—

Vernaculars—(i) Bengali, (ii) Hindi, (iii) Urdu, (iv) Alternative English for those whose vernacular is neither Bengali nor Hindi nor Urdu.

Classics—(i) Sanskrit, (ii) Pali, (iii) Persian, (iv) Arabic.

6. The admission fee for the examination is Rs. 6 for each candidate. This must be remitted with the application on or before the prescribed date, after which a fine of Rs. 2 will be imposed for each week's delay. *In no circumstances will the admission fee be refunded.* All examinees must obtain receipts for fees from the Inspector's office, which should be shown to the Superintendent of the Examination Hall on the first day of the examination.

7. No private student will be admitted to the Test Examination unless he is identified to the satisfaction of the Superintendent at the Examination Hall during the examination by a Government servant who is not in the inferior service or by a teacher in any recognised college or high school.

8. Candidates who are sent up by this office must appear at the Calcutta Examination centre.

9. Those who reside at a distance from Calcutta may, as special cases, be permitted to sit at the Test Examination at the nearest Government High English School. They will be supplied with printed question papers from this office to which their answer papers should be sent by the head master concerned.

10. The date of the Matriculation Examination in 1931 will be notified hereafter.

11. Applications and fees for admission to the examination must reach the office of the Registrar on or before the date to be fixed by the University.

12. Programme of Test Examination—

Monday, 24th November—

Morning—English Translation—10-30 a.m. to 1 p.m.

Afternoon—English Test and Grammar—1-30 p.m. to 4 p.m.

Intermediate and B.A. Examinations in 1931.

Subdivisional Inspectors, Sub-Inspectors and *bona fide* teachers of English schools in the Presidency Division, who have been employed as such for at least three years preceding the examination, will be admitted to the above examinations on production of certificates of character and length of service (with dates) from their employers. Laboratory assistants and demonstrators and librarians of affiliated colleges will be treated as teachers. *Their applications must reach this office on or before the 1st December 1930.*

1. In accordance with section 9, Chapter XV of the revised regulations dealing with the registration of University students, all candidates who intend to appear at any of the ensuing examinations of the University of Calcutta otherwise than as students of affiliated institutions, and who have applied for or have obtained the special permission of the Senate for the purpose, are required to apply to the Registrar of the Calcutta University for the registration of their names as University students. No person will be deemed a "University student" unless and until his name has been duly registered, and none but "University students" will be eligible for admission to any University examination other than the Matriculation. A registration fee of Rs. 2 must accompany every application.

2. Candidates for the B.A. Examination must send to the Inspector of Schools, Presidency Division, and *not to the undersigned personally*, their F.A., I.A., or I.Sc. certificates and candidates for the Intermediate Examination their Entrance and Matriculation certificates, together with a letter in original from the Senate of the Calcutta University, permitting them to appear at the examination.

3. Candidates should carefully read the printed form of application and supply all the information required by the University, including the Registrar's receipt in the case of those school-masters who were admitted to a previous examination of the same class.

4. The date of the Intermediate and B.A. Examinations in 1931 will be notified hereafter.

5. Applications with the countersignature of the undersigned and fees for admission to the above examinations must reach the *office of the Registrar on or before the dates to be fixed by the University*, and must be sent to that office by the candidates direct.

K. N. MITTER,
Inspector of Schools.

NOTIFICATION.

Test Examination of Private Candidates for the Matriculation Examination, 1931, in the Rajshahi Division.

1. Private students are those who have not attended any H. E. school, recognised or unrecognised, for at least one year previous to the Matriculation Examination they are going to sit for. The term "Private candidate" includes *bona fide* teachers of schools.

2. A test examination of private students will be held at the Government high, zilla and collegiate schools in the Rajshahi Division, on Monday, the 1st December 1930, and the four following days. Such candidates only as reside in any of the districts of the Rajshahi Division and Cooch Behar will be admitted to the examination.

3. Each private candidate will have to pay a fee of Rs. 6, which is to be remitted to the Inspector of Schools, Rajshahi Division, at Jalpaiguri, and not to the undersigned by name, so as to reach him on or before the 2nd November 1930, along with an application for permission to appear at the test examination. Candidates applying after the prescribed date will have to pay a fine of Rs. 2 for each week's delay. Under no circumstances will the admission fee be refunded. Regular receipts will be issued to candidates for any payment made by them in the shape of admission fees and fines.

4. Each application for permission to appear at the test examination must be accompanied by information on the points noted below and submitted in the form appended to these rules:—

(a) The name of the school in which the candidates last studied.

(b) The transfer certificate (in original) granted to the candidate by the headmaster of the school in which he last read, or

(c) In the case of a candidate who previously appeared at the Matriculation Examination, the Registrar's receipts (in original) for the fees paid.

(d) The age of the candidate. No candidate who has not completed the age of 15 years on the first day of the month in which the Matriculation Examination is held shall be allowed to appear at it.

(e) In the case of a schoolmaster a certificate of good conduct from the Secretary of the school in which he is serving or from the Deputy Inspector of Schools of the district concerned.

(f) A certificate from a respectable person to the effect that the candidate has prosecuted a regular course of study and has been subject to proper discipline, and that he has not read in any school since the last Matriculation Examination.

(g) A statement by the candidate giving the following facts:—

(1) Residence, giving the names of the village, post office and district clearly.

(2) Father's name.

(3) The name of the centre at which he intends to appear.

(4) Second language besides English.

(5) Vernacular language from which translation is to be made into English in English first paper.

(6) Which of the following subjects to be taken up:—

(i) Additional Mathematics.

(ii) Additional paper in the classical language.

(iii) History.

(iv) Geography.

(v) Elementary mechanics.

5. The Inspector of Schools on being satisfied will issue a passport for admission to the test examination. No candidate will, however, be admitted unless he is identified to the satisfaction of the headmaster of the school at which he appears.

6. The headmasters of the institutions named above should direct candidates who appear at their schools to fill up the application form for permission to appear at the Matriculation Examination in their presence. These applications will be forwarded to the office of the Inspector of Schools. The Inspector of Schools will then countersign the applications of those candidates who pass the test and forward them to the candidate direct for transmission to the Registrar with the fees for the examination.

7. In no circumstances should the fee for the Matriculation Examination be sent to the Inspector's office. It should be sent to the Registrar by the candidates themselves together with the countersigned applications.

8. The Matriculation Examination will be held in March 1931, and the applications and fees must reach the office of the Registrar on or before the date fixed by the University.

N.B.—A student who failed to pass the annual examination for promotion to class X at the end of the session of 1929 and then left the school can, under no circumstances, be allowed to appear at the examination.

Intermediate and B. A. Examinations.

1. District and Subdivisional Inspectors of Schools, Sub-Inspectors of Schools and *bona fide* masters of English schools, who have served us such for the full period of three academical years preceding the examinations, will be admitted to the abovenamed examinations.

2. Candidates for the Intermediate and B. A. Examinations must produce certificates of character and length of service from the Secretaries of their respective schools. Candidates for the B. A. Examination must forward with their applications their I. A. or F. A. certificates, and those for the Intermediate Examination, their Entrance or Matriculation certificates. Those candidates who were admitted to a former examination must produce the Registrar's receipt in addition.

3. Under section 19 of the Indian Universities Act, candidates for the Intermediate and B. A. Examinations are informed that their applications for admission to these examinations will not be considered unless they enclose

with their applications to this office the sanction of the Senate to appear at the said examinations. Candidates who have applied for or have obtained the special permission of the Senate for the purpose are required, under section 9, Chapter XV of the Revised Regulations dealing with the registration of University students, to apply at once to the Registrar for the registration of their names as "University students." No person will be deemed a "University student" unless and until his name has been duly registered, and none but "University students" will be eligible for admission to any University examination other than the Matriculation.

4. The printed form of application should be carefully and correctly filled in and submitted to this office on or before the 3rd January 1931, together with other papers mentioned in rules 2 and 3, after which no application will be received.

5. The examinations will be held on dates to be notified by the University. Application with the countersignature of the undersigned and fees for the examination must reach the office of the Registrar on dates to be fixed by the University and must be sent to that office by the candidates direct.

Applications are invited from intending candidates for the posts of English Teachers in Government High and Normal Schools and Madrasahs, and of Sub-Inspectors of Schools in the scale of Rs. 75—5—150 (efficiency bar)—5—200 in the Subordinate Educational Service for formation of a panel for this division.

The candidates must fulfil the conditions laid down in the rules appended to this notice.

Applications shall be received by the undersigned up to the 11th August 1930.

K. AHMAD,

Insp. of Schools, Chittagong Division (offg.).

Rules regarding Recruitment for the posts of English Teachers in Government High and Normal Schools and in Madrasahs and of Sub-Inspectors of Schools in the scale of Rs. 75—5—150 (efficiency bar)—5—200 in the Subordinate Educational Service.

1. The posts to which recruitment shall be made under these rules and the qualifications required for them are set out in Schedule I appended to these rules.

2. No person shall be appointed as an English Teacher, or a Sub-Inspector of Schools, who is not of good character and in all respects suitable for appointment to Government service.

3. Every candidate for appointment shall furnish certificates, written not more than one year prior to the date of application, from two responsible persons unconnected with the College or University, and not related to him, testifying to his private character.

4. No person shall be eligible for appointment who is not of sound health, good physique, and active habits, and free from organic defect or bodily infirmity.

5. No person shall be eligible for appointment who has endeavoured to enlist for his candidature the support of persons of influence or of officials of Government. Spontaneous recommendations from persons interested in, or otherwise known to, the candidate shall be disregarded.

6. No person shall be eligible for appointment, temporary or permanent, who is not a British subject.

7. No person shall be eligible for appointment, who is not a permanent resident or permanently domiciled within the jurisdiction of the Chittagong Division.

8. Candidates shall be under the age of 25 years. This condition may be relaxed by the Director of Public Instruction, Bengal, in the

case of teachers who have worked satisfactorily for not less than 2 years in recognised High Schools under private management, up to the age of 30 years.

9. Applications shall be addressed to the Inspector of Schools in the form prescribed in Schedule II appended to these rules.

10. No candidate shall apply simultaneously to more than one Inspector of Schools.

Lytton Moslem Scholarship.

NOTIFICATION.

Calcutta, the 5th July 1930.

A scholarship of the value of £200 per annum with one second class sea passage each way to the United Kingdom from the Lytton Moslem Scholarship Fund, administered by the Assistant Director of Public Instruction for Muhammadan Education, Bengal, is available for award this year.

2. The scholarship is open to Moslems domiciled in Bengal who are graduates of the University of Calcutta (preference will be given to a candidate who has graduated from

Islamia College, Calcutta), and is tenable at any institution in the United Kingdom for a period of two years.

3. A candidate must not be over the age of 28 years, and preference will be given to one who is less than 25 years old.

A candidate must have passed at least the B. A. or B. Sc. degree with honours or an equivalent examination.

A candidate must be prepared to supplement this scholarship from his own resources up to the sum of £300 per annum, and at the time of his application must submit satisfactory evidence of his ability to do this.

4. Applications from candidates who satisfy the above conditions should be sent before 30th July to the Assistant Director of Public Instruction for Muhammadan Education, Bengal, Writers' Buildings, Calcutta, on forms, a sample of which is appended. Testimonials from Professors or other qualified persons may be attached to the applications.

5. The selected scholar will be required to produce a medical certificate of fitness to undergo a course of study abroad.

The selected scholar will be required before he sails from India to deposit with the High Commissioner for India the sum of £40 for his initial expenses.

6. The scholarship will be payable from the date from which the scholar reports his arrival in England, shall be held subject to good conduct and satisfactory progress and may be terminated at any time on the advice of the High Commissioner.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Unconvenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premium paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

A SUM of Rs. 25,000 was contributed in 1927-28 to the District Fund of Burdwan for metalling the "Indu Sekhar Road" (Kalna Baidyapur Road in subdivision Kalna, district Burdwan). This amount was credited to the Burdwan Treasury in favour of the District Fund in challans Nos. 416, dated 11th August 1927, and 1095, dated 10th February 1928, by Babu Kumar Krishna Nandi Chaudhury and others. In compliance with Government letter No. 215T.P.H., dated 8th October 1929, the Board is going to refund the whole amount to the contributors thereof. In order to ascertain the names of contributors and the amount subscribed by each of them, this notice is issued inviting all of them to put in their respective claims to the said sum, within thirty days from the date of publication of the notice, to enable the Board to make proportional refund. Any subscriber failing to put in his claim within the time specified, the Board shall stand discharged from all liabilities from any payment to anybody else.

MANILOLL SINGH ROY, RAJA, C.I.E., of Chakdighi,
Chairman.

District Board Office, Burdwan, the 5th July 1930.

NOTIFICATIONS.

24-Parganas-Jessore.—No. 2530Pl. — 17th July 1930.—Whereas the Governor in Council has reason to believe that the members of a gang of dacoits and burglars ordinarily residing in the jurisdiction of police stations Deganga, Baduria, Basirhat and Habra in the district of the 24-Parganas and Gaighata in the district of Jessore, and commonly known as "Madar Baksh Mondal's gang," are addicted to the systematic commission of non-bailable offences:

Now, therefore, the Governor in Council, in exercise of the power conferred by section 3 of the Criminal Tribes Act, 1924 (Act VI of 1924), hereby declares the said gang to be a criminal tribe for the purposes of that Act.

24-Parganas-Jessore.—No. 2531Pl. — 17th July 1930.—In exercise of the power conferred by section 10 of the Criminal Tribes Act, 1924 (Act VI of 1924), the Governor in Council hereby directs that every registered member of "Madar Baksh Mondal's gang," which has been declared by notification No. 2530Pl., dated the 17th July 1930, to be a criminal tribe, shall, in the prescribed manner, report himself at fixed intervals and notify his place of residence, any change or intended change of residence, and any absence or intended absence from his residence.

No. 2566Pl.—19th July 1930.—In exercise of the power conferred by section 101 of the Bengal Village Self-Government Act, 1919 (Bengal Act V of 1919), the Governor in Council is pleased to make the following amendment in the rules published under notification No. 2197P.J., dated the 21st

May 1920, regarding the control, appointment, discipline, etc., of dafadars and chaukidars:—

Amendment.

For clause (b) of rule 36 of the said rules substitute the following, namely:—

“(b) he shall attend the muster parades at the police-station in accordance with the following principles:—

In areas where union board parades under rule 6 are held fortnightly, he shall attend once a month the muster parades at the thana, which will be held on days other than those fixed for union board parades under rule 6: in areas where union board parades under rule 6 are held less frequently than once a fortnight or are not held at all, he shall attend the muster parades at the police-station once a week, if his beat is within a radius of 10 miles from the police-station, or once a fortnight if his beat is outside such a radius.

This does not affect his liability to attend the thana on other occasions to fulfil any other statutory obligation.”

Bakarganj.—No. 2455M.—16th July 1930. In exercise of the power conferred by section 14 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Government of Bengal (Ministry of Local Self-Government) are pleased to appoint the following gentlemen to be Commissioners of the Bhola Municipality, in the district of Bakarganj :—

Babu Mahendra Chandru Rai Choudhury, B.L.

Khan Sahib Efazuddin Ahmed.

Maulvi A. A. Sabir.

Maulvi Abdul Fatah Mosleuddin Ahmed Choudhuri.

Howrah.—No. 2523M.—18th July 1930.—In exercise of the power conferred by section 540 of the Calcutta Municipal Act, 1923 (Bengal Act III of 1923), the Government of Bengal (Ministry of Local Self-Government) are pleased to declare their intention to extend to the municipality of Howrah the following provisions of the said Act, subject to the modifications and restrictions therein, which are shown, as far as possible, in antique type.

2. Any objection to such extension on the part of the Commissioners of the municipality of Howrah or any inhabitant thereof should be submitted in writing through the District Magistrate, Howrah, to the undersigned before the 8th September 1930 :—

Provisions of the Calcutta Municipal Act, 1923, proposed to be extended to the town of Howrah with modifications and restrictions shown in antique type.

PART I.

Chapter I.—Preliminary.

1. (3) These provisions shall come into force in the town of Howrah on the day of 1930.

2. (3) Every permission or sanction granted or notice issued under the provisions of the Bengal Municipal Act, 1884, which are hereby repealed or which are withdrawn by notification No. , dated the or under the Calcutta Municipal Act, 1899, shall, so far as it is in force at the time these provisions come into force in the town of Howrah, and is not inconsistent with these provisions, be deemed to have been granted or issued under these provisions and shall, unless previously altered, modified or cancelled under these provisions, remain in force for the period (if any) for which it was so granted or issued.

3. For the purposes of the Calcutta Municipal Act, 1923, as in force in the town of Howrah, unless there is anything repugnant in the subject or context,—

(24) a supply of water for “domestic purposes” shall not be deemed to include a supply—

- (a) for washing carriages, where such carriages are kept for sale or hire,
- (b) for any trade, manufacture or business,
- (c) for fountains,
- (d) for watering gardens or streets, and
- (e) for any ornamental or mechanical purpose.

PART V.

The public health, safety and convenience. Chapter XVII.—Water-supply.

Proprietary rights of the Commissioners.

PUBLIC WATER-WORKS, ETC., VESTED IN THE Commissioners.

214. All public tanks, reservoirs, cisterns, wells, aqueducts, conduits, tunnels, pipes, taps

and other water-works, whether made, laid or erected at the cost of the Municipal Fund, or otherwise, and all bridges, buildings, engines, works, materials and things, connected therewith or appertaining thereto, and also any adjacent land (not being private property) appertaining to any public tank, shall be vested in the Commissioners.

General duties of the Commissioners in respect of the supply of water.

Commissioners TO PROVIDE SUPPLY OF FILTERED WATER.

215. (1) The Commissioners shall provide—

- (a) a supply of filtered water within the limits of the Howrah Municipality.

BATHING PLATFORMS AND PUBLIC STAND-POSTS.

216. (1) The Commissioners may erect convenient bathing platforms and public stand-posts for the supply, free of charge, of filtered water for bathing and other domestic purposes.

(2) All such bathing platforms and stand-posts shall be supplied with a sufficient quantity of filtered water.

HYDRANTS, ETC., FOR STREET-WATERING, ETC.

217. On the distribution pipes in the filtered water system, suitable hydrants may be provided for street-watering, fire-extinguishing, washing down hackney-carriage stands, and flushing street-gullies, together with such sluices, branches and appliances as may be necessary for the efficient flushing of the municipal drains.

TESTING OF PURITY OF FILTERED WATER.

219. It shall be the duty of the Commissioners to test the purity of the supply of filtered water once every week.

Use of water.

USE OF FILTERED WATER.

220. (1) Subject to the provisions of sections 221 and 230 filtered water shall be supplied for domestic purposes only.

(2) No person shall, without the written permission of the Commissioners, use for other than domestic purposes filtered water supplied under this chapter for domestic purposes.

USE OF FILTERED WATER.

221. (1) Notwithstanding anything contained in any other sections filtered water may also be used for public purposes, such as—

- (a) street-watering,
- (b) flushing of municipal drains, public privies and urinals, gully pits and hackney-carriage stands, and
- (c) extinguishing fire ;

and may also be used for such other purposes as the Commissioners may direct.

SUPPLY OF FILTERED WATER FOR PURPOSES OTHER THAN DOMESTIC PURPOSES.

222. A supply of filtered water for purposes other than domestic purposes and other than purposes mentioned in section 221 shall be made upon such terms and conditions as to payment and quantity and for such period as the **Commissioners** may think fit.

Private supply of water to premises.

RIGHT OF OCCUPIER OF CONNECTED PREMISES TO RECEIVE WATER IN CONSIDERATION OF PAYMENT OF THE CONSOLIDATED RATE.

223. The occupier of any premises connected with the municipal water-supply shall be entitled to have, free of further charge, not more than fifteen hundred gallons of filtered water for every rupee paid to the **Commissioners** as the consolidated rate on account of such premises.

POWER TO **Commissioners TO ALLOW OCCUPIER OF PREMISES TO LAY DOWN SERVICE PIPES.**

224. Subject to such rules and conditions as they may from time to time make and impose, the **Commissioners** may allow any person occupying any premises to lay down service-pipes from the mains of the **Commissioners** for the purpose of bringing into the premises a supply of filtered water for use therein under the provisions of this chapter.

REQUISITION BY OCCUPIER OF MASONRY BUILDING OR OWNER TO PROVIDE WORKS FOR SUPPLY OF WATER.

225. (1) Any occupier of a masonry building who holds the same direct from the owner may, by written notice signed by him, require the owner to provide all such necessary works as may be required for bringing into the premises within which such building is situate a sufficient supply of filtered water for domestic purposes.

(2) Every such notice shall contain an undertaking on the part of the occupier—

(a) to pay, during the residue of his term of occupation, interest at the rate of one *per cent. per mensem*, calculated from the date of the completion of the works, on the cost of all works so provided by such owner, and

(b) if the premises do not abut upon some street in which there is a supply-main, to pay the cost of connecting the premises with the nearest supply-main.

PROVISION OR COMPLETION OF WORKS BY OCCUPIER IN DEFAULT OF OWNER, AND DEDUCTION OF EXPENSES FROM RENT.

226. If any owner upon whom a notice has been served under section 225 does not, within one month from such service, cause all necessary works, as required by the said notice, to be provided or completed, the occupier who gave the notice may cause the works to be provided or completed,

and may deduct from the rent payable by him to such owner by monthly instalments not exceeding 25 per cent. of the rent from which the deduction is made the expenses incurred by him in

respect of such works, except so much of such expenses as may have been incurred under the circumstances mentioned in clause (b) of sub-section (2) of section 225.

ARBITRATION IN CASE OF DIFFERENCE BETWEEN OWNER AND OCCUPIER.

227. (1) If there is any difference between the owner and the occupier of any premises respecting the cost or the sufficiency of the water-supply thereof, either party may refer such difference to the **Commissioners**, and the written award of the **Commissioners** shall be binding on such owner and occupier.

(2) There shall be payable to the **Commissioners**, by the person making a reference under sub-section (1), a fee at the rate of two rupees for every one hundred rupees of the monthly rent of the said premises :

Provided that such fee shall in no case exceed ten rupees or be less than two rupees.

POWER TO **Commissioners TO DIRECT OWNER TO OBTAIN SUFFICIENT SUPPLY OF WATER FROM NEAREST MAIN.**

228. Whenever it appears to the **Commissioners** that any premises are without a sufficient supply of water, and that such a supply of water can be furnished from a main not more than one hundred feet distant from the nearest part of such premises, the **Commissioners** may, by written notice, require the owner to obtain such supply and for that purpose to lay down such pipes, (hydrants, stand-posts and other fittings and execute all such other works as the **Commissioners** may direct :

Provided that—

- (a) in any case in which the owner satisfies the **Commissioners** that he is too poor to bear the cost of the said works, the **Commissioners** may pay the whole or any part of such cost from the Municipal Fund ; and
- (b) if any premises in respect of which any notice is issued under this section are occupied by a person other than the owner, the occupier shall be bound, if the **Commissioners** so direct, to make to the owner, in respect of all works executed in pursuance of such notice, the payments prescribed by clause (a), or clauses (a) and (b), as the case may be, of sub-section (2) of section 225.

WATER-SUPPLY NOT TO BE DIRECTLY CONNECTED TO HUTS.

229. Notwithstanding anything contained in this chapter, the municipal water-supply shall not be directly connected to any hut :

Provided that the **Commissioners** may supply a direct filtered water connection to a hut on such conditions as they may impose and subject to such rules as may be made by them in this behalf.

POWER TO **Commissioners TO SELL WATER FOR OTHER THAN DOMESTIC PURPOSES.**

230. (1) The **Commissioners** may, in their discretion and subject to such conditions as they may from time to time impose, supply filtered water for any purpose other than a domestic purpose, on receiving a written application specifying the purpose for which such supply is required and the quantity likely to be consumed.

(2) For all water supplied under sub-section (1) payment shall be made at such rate as may be prescribed by the **Commissioners at a meeting**.

(3) When any application under sub-section (1) is received, the **Commissioners** may, subject to such charges or rates as may have been fixed by them, place, or allow to be placed, the necessary service-pipes, taps and works (including water-meters) of such dimensions and character as may be prescribed by them, and may arrange for the supply of water through such pipes, taps, works and meters.

Private connections of premises to the water-supply and maintenance thereof.

RULES AS TO PRIVATE CONNECTIONS TO PREMISES.

232. All private connections of premises to the municipal mains for the supply of water therein, and all pipes, taps and other fittings used for such supply, shall be made, maintained and regulated in accordance with, and subject to, the rules contained in Schedule XIV.

OWNER TO KEEP WORKS IN REPAIRS.

233. Except in the case of a special agreement to the contrary, the owner of any premises shall bear the expense of keeping all works connected with the supply of water thereto in substantial repair; and, if he fails to do so, the occupier may, after giving the owner three days' notice in writing, himself have the repairs executed and deduct the expenses thereof from any rent which is due from him to the owner in respect of such premises.

POWER TO Commissioners TO TAKE CHARGE OF PRIVATE CONNECTIONS.

234. The **Commissioners** may, if they think fit, take charge of all communication-pipes and fittings of any existing private service connected with the municipal water-supply up to and including the stop-cock nearest the supply-main for the said service, and such communication-pipes and fittings shall thereafter vest in, and be maintained at the expense of, the **Commissioners** as part of the municipal water-works.

Regulation of consumption of water, and provision of meters.

POWER OF Commissioners TO ESTABLISH BLOCK METERS FOR THE SUPPLY OF FILTERED WATER.

235. (1) The **Commissioners** may establish for any area in the town of Howrah such blocks as they may think fit in order to regulate the supply and consumption of filtered water, and shall cause each such block to be provided with a meter through which the whole supply of filtered water for such block shall pass and be recorded.

(2) Such meters shall be read at such intervals as may from time to time be fixed by the **Commissioners**, and the quantity indicated by any such meter as supplied shall be presumed to be correct until the contrary is proved.

(3) The **Commissioners** shall from time to time determine the supply of filtered water to which

any block shall be entitled, having regard to the provisions of section 223 and to the amount of the consolidated rate payable for such block, and making the allowance for water used at street stand-posts and public bathing platforms, and for loss through leakage or otherwise, as they may deem just and fair.

(4) If the **Commissioners** are satisfied that in any block the quantity of filtered water consumed is in excess of the quantity to the supply of which such block is entitled, they shall cause a warning notice to be served on the occupiers of all premises in the block. If, after the service of such notice, such excess consumption still continues, the excess quantity shall be charged for from the quarter following that in which the notice was served and shall be recoverable from the occupiers of all such premises in such block as are connected with the filtered water-supply, and the occupier of each such premises shall be liable to pay a share of the cost of such excess calculated on the proportion of the amount of the consolidated rate payable in respect of the said premises to the total amount of the consolidated rate payable by persons who are liable to pay the cost of the excess:

Provided that any occupier of any such premises who has provided a separate meter attached to the service-pipe thereof, shall not be liable to pay any proportionate share as aforesaid, but shall pay for any excess, which such meter shows to have been supplied to him in accordance with the provisions of section 238:

Provided also that, on a representation from any ten persons within the block who are held liable for the cost of such excess, the **Commissioners** shall forthwith take into consideration the question of affixing a meter under the provisions of section 237 to the service-pipe attached to any premises within the block, the occupier of which premises is alleged or is suspected by such persons to be wasting filtered water.

PREVENTION OF WASTE OF FILTERED WATER IN PREMISES.

236. (1) Whenever the **Commissioners** have reason to believe that, as the result of defects in pipes, taps or fittings connected with the water-supply, the filtered water-supply to any premises is being wasted, they may, by written notice, require the owner and occupier of the premises within a period of four days after service of the notice, to repair and make good any defects in the pipes, taps or fittings connected with the water-supply, so as to put a stop to such waste.

(2) If, after the expiration of the said period of four days, the **Commissioners** have reason to believe that waste still continues, they may cut off the supply of filtered water to the said premises.

POWER TO Commissioners TO PROVIDE WATER-METERS.

237. (1) The **Commissioners** may, in their discretion, provide a water-meter and attach the same to the service-pipe of any premises connected with the municipal filtered water-supply.

(2) The expense of providing and attaching a meter under sub-section (1) shall be paid out of the Municipal Fund.

PAYMENT BY OCCUPIER FOR FILTERED WATER SUPPLIED IN EXCESS OF STATUTORY ALLOWANCE.

238. (1) When a meter has been attached to any premises, all filtered water which is shown thereby to have been supplied in excess of the free allowance to which the occupier is entitled under section 223 shall be paid for by him at the rate of one rupee for every three thousand gallons.

(2) The **Commissioners** may cause the meter to be read at any time during each quarter, but as nearly as practicable at intervals of three months :

Provided that if, during any quarter, the assessment of such premises is altered, the said free allowance shall be calculated on the consolidated rate payable on the assessment as altered.

(3) If such premises are ordinarily occupied by two or more persons holding in severalty, the owner shall be liable for water supplied in excess as prescribed by sub-section (1) ; but such owner shall be entitled to recover rateably from the several occupiers, according to the rent paid by each, any amount so paid.

(4) Every incoming or outgoing occupier of any metered premises shall, at least three clear days before entering into the occupation of or vacating such premises, as the case may be, cause a written notice to be served upon the **Commissioners**, stating the date on which he intends to occupy or vacate the premises and requiring the **Chairman** to cause the meter to be read for the determination of the liability, if any, for any excess consumption of filtered water on the date of such occupation or the date of such vacation of the premises, as the case may be.

(5) Upon receipt of such notice the **Chairman** shall cause the meter to be read and furnish such occupier with a statement of such meter reading.

(6) The outgoing occupier shall ordinarily be liable to pay for any excess supplied up to the date of his vacating the premises ;

and the incoming occupier's liability for any excess consumption of filtered water shall ordinarily accrue from the commencement of his occupation :

Provided that where no written notice is delivered to the **Commissioners** under sub-section (4), the **Commissioners** shall be entitled to realise from such incoming occupier the full proportionate amount of the charges for excess water consumed, on the basis of the next quarterly or other reading of the meter made after the occupation of the incoming occupier, or such less amount as the **Commissioners** may think fit, regard being had to the number of days in any quarter during which the premises were occupied by such incoming occupier, the number of inmates during that period and the amount of free allowance to which such occupier may be entitled under section 223.

PRESUMPTION AS TO CORRECTNESS OF METER.

239. Whenever water is supplied under this chapter through a meter, it shall be presumed that the quantity indicated by the meter has been consumed until the contrary is proved.

RULES AS TO METERS.

240. The use, maintenance and testing of meters provided under this chapter, and the

calculation of the amount payable under section 238 in case of the incorrectness of any such meter, shall be in accordance with, and subject to, the rules contained in Schedule XIV.

OCCUPIER OF PREMISES TO BE PRIMARILY LIABLE FOR CERTAIN OFFENCES RELATING TO WATER-SUPPLY.

241. (1) If it be shown that an offence against any provision of this chapter, or against any rule or by-law made *hereunder* relating to water-supply, has occurred in any premises connected with the municipal water-supply, it shall, subject to the provisions of sub-section (2), be presumed, unless and until the contrary is proved, that such offence has been committed by the occupier of the said premises.

(2) The existence of artificial means for—

- (a) altering the index to any meter provided under this chapter for measuring filtered water, or
- (b) preventing any such meter from duly registering the quantity of water supplied, or
- (c) abstracting or using water before it has been registered by such meter,

shall, where the meter is under the custody or control of the consumer of such water, be *prima facie* evidence that the consumer has fraudulently caused such alteration, prevention, abstraction or use.

Supply of water for use beyond the town of Howrah.

SUPPLY OF FILTERED WATER TO any local authority.

242. (1) The **Commissioners** at a meeting may at any time, on receiving an application from any local authority, direct that such quantity of filtered water *per diem* as may be determined by the **Commissioners** shall be delivered into reservoirs or pipes placed within the jurisdiction of such local authority and that for all water so delivered payment shall be made at such rate, not being less than the cost (including loan charges, allowance for depreciation of plant and other charges) to the **Commissioners**, as may from time to time be determined by them at a meeting.

SUPPLY OF WATER TO PERSONS RESIDING OUT OF the town OR FOR USE WITHOUT the town of Howrah.

243. (1) The **Commissioners** may, in their discretion, allow any person not residing in the town of Howrah to take or be supplied with water on such terms as they may from time to time prescribe.

(2) No person shall without the written permission of the **Commissioners**, take or cause to be taken for use without the town of Howrah water supplied under this chapter.

Provided that this sub-section shall not apply to water taken by travellers for use on a journey.

*Supplemental Provisions.***GENERAL POWERS OF THE Commissioners IN REGARD TO WATER-MAINS.**

244. The **Commissioners** shall have the same powers and be subject to the same restrictions for carrying water-mains in or without the town of **Howrah** as they have and are subject to for carrying drains in or without the town of **Howrah**.

POWER TO Commissioners TO CUT OFF OR TURN OFF SUPPLY OF WATER TO PREMISES.

245. (1) Notwithstanding anything contained in this chapter, the **Commissioners** may cut off the connection between any water-works of the **Commissioners** and any premises to which water is supplied from such works, or may turn off such supply, in any of the following cases, namely:—

- (a) if the premises are unoccupied ;
- (b) if, after receipt of a written notice from the **Commissioners** requiring him to refrain from so doing, the owner or occupier of the premises continues to use the water or to permit the same to be used, in contravention of these provisions or of any rule or by-law made thereunder ;
- (c) if the occupier of the premises contravenes section 220, sub-section (2), or section 243, sub-section (2) ;
- (d) if the occupier refuses to admit any municipal officer or servant duly authorized in that behalf into the premises for the purpose of making any inspection under this chapter or under any rule or by-law relating to water-supply made under these provisions, or prevents such municipal officer or servant from making such inspection ;
- (e) if the owner or occupier of the premises wilfully or negligently injures or damages his meter or any pipe or tap conveying water from any works of the **Commissioners** ;
- (f) if any pipes, taps, works or fittings connected with the supply of water to the premises be found, on examination by the **Commissioners**, to be out of repair to such an extent as to cause so serious a waste of water that, in the opinion of the **Chairman**, immediate prevention is necessary ;
- (g) if the use of the premises for human habitation has been prohibited under section 381, from the date from which the premises are to be vacated under the order of the Magistrate ;
- (h) if there is any water-pipe situated within the premises to which no tap or other efficient means of turning the water off is attached ; or
- (i) if by reason of a leak in the service-pipe or fitting, damage is caused to the public street and immediate prevention is necessary :

Provided as follows :—

- (ii) water shall not be cut off or turned off in any case referred to in clause (g), unless written notice of not less than forty-eight hours has been given to the occupier of the premises.

(2) The expense of cutting off the connection or of turning off the water and of restoring the same, as determined by the **Commissioners** in any case referred to in sub-section (1), shall be paid, in the case of a *buster*, by the owner of the premises, and in any other case by the owner or occupier of the premises :

Provided that no charge for such expense shall be made in the cases mentioned in clause (a) and clause (g) of the said sub-section.

(3) No action taken under or in pursuance of this section shall relieve any person from any penalties or liabilities which he may otherwise have incurred.

FILLING UP WELLS WHEN WATER SUPPLIED.

246. Whenever a supply of filtered water has been provided in any street, the **Commissioners** may, by written notice, require the owner of any well situated in premises which are supplied from the mains to fill it up with suitable materials.

LAYING OF PIPES OR CONSTRUCTION OF AQUEDUCTS BEYOND the town of Howrah FOR BRINGING WATER INTO the town of Howrah.

247. (1) When a plan for laying pipes or constructing aqueducts for bringing water into the town of **Howrah** from any place without the town has been approved by the Local Government, the **Commissioners** may, in the execution and for the purposes of the work, exercise, throughout the line of country without the town of **Howrah** through which such pipes or aqueducts are to run, all the powers which they might exercise under these provisions or under any rule or by-law made thereunder if the said pipes or aqueducts were to run in the town of **Howrah**.

(2) The Magistrate of any district through which the said pipes or aqueducts are to run may exercise, in respect of such work, the same powers and jurisdiction as a Magistrate may, under these provisions, exercise in respect of any work executed by the **Commissioners of the town of Howrah**.

SCHEDULE XIV.**Rules as to private connections to premises and meters.**

(See sections 232 and 240.)

*Private connections to premises.***SEPARATE SERVICE-PIPES FOR SEPARATE PREMISES.**

1. (1) All premises connected with the filtered water-supply shall be provided with separate service-pipes from the municipal main.

(2) In any case in which a service-pipe from a main is used for supplying filtered water to two or more premises, the **Commissioners** may, by written notice, require the owners of such premises to lay down separate service-pipes for separate premises ; and the expense of so doing shall be borne by all such owners in such proportion as may be determined by the **Commissioners**.

(3) The **Commissioners** shall not delegate to any municipal officer their power to make a requisition by written notice under sub-rule (2).

OUTER STOP-COCKS.

3. When any premises are about to be connected with the municipal mains, the **Commissioners** may, by written notice, require the owner of the premises to fix a stop-cock in some position outside the premises which is accessible at all times from the nearest street.

SIZE OF FERRULES.

4. (1) The size of the ferrule and the diameter of the communication-pipe and the number of taps should be fixed in accordance with the annual valuation of the holdings as follows :—

Annual valuation of holding.		Size of ferrule.	Diameter of communication-pipes.	Number of taps.	
	Rs.	Rs.	Inch.	Inch.	
Under		200	1 4	1 2	2
From	200 to	499	1 4	1 2	3
"	500 "	799	3 8	5 8	4
"	800 "	1,199	1 2	3 4	5
"	1,200 "	1,999	5 8	7 8	6
"	2,000 "	3,000	3 4	1	7

Over Rs. 3,000 one additional tap for every additional Rs. 1,000 in the annual valuation of the holding, and, when necessary, a corresponding increase in the size of ferrule or tee piece on the municipal main and in the diameter of the communication-pipe :

Provided that though the communication-pipe shall not ordinarily be more than $\frac{1}{2}$ inch larger in diameter than the ferrule, yet the Engineer may, under special circumstances, fix the size of the communication-pipe with reference to the length of the pipe and the prevailing pressure :

Provided as follows:—

(a) the Local Government may, on the recommendation of the **Commissioners**, substitute any other scale for the scale of ferrules prescribed in the said table ;

(b) if any premises be so situated that the ferrule prescribed therefor in the said table or under proviso (a) is too small to pass, within a period of six hours, the daily supply of water to which the occupier of the premises is entitled under section 223, the **Commissioners** shall permit the use of a larger ferrule for such premises.

(2) Where a ferrule used at the time when these provisions come into force in the town of Howrah for the supply of water to any premises is larger than that prescribed for such premises in sub-rule (1) or under proviso (a) to that sub-rule, as the case may be, the **Commissioners** may, at the expense of the municipal fund and after giving one month's notice in writing to the owner of the premises, substitute for such ferrule one of the size so prescribed.

CONSTRUCTION OF SERVICE PIPES, FERRULES AND WORKS.

5. (1) The service-pipe for carrying water from the municipal mains into any premises, and the pipes, taps and works (other than ferrules) within such premises, shall be of such character, dimensions and materials as the **Commissioners**

may fix and approve, and shall be made and constructed at the expense of the person requiring the same.

(2) The said ferrules shall be of such character and material as the **Commissioners** may fix and approve, and except as provided in rule 4, sub-rule (2), shall be affixed at the expense of the occupier of the premises.

(3) The said service-pipe, and all fittings thereon for carrying water from the municipal mains into any premises, and all ferrules, pipes, taps, works and fittings inside the premises, shall in all cases be executed, subject to the inspection of the **Commissioners** and to their satisfaction ;

and the connection of premises with the municipal mains, and the laying of supply-pipes under any public street or thoroughfare, shall be executed in the presence of a municipal officer authorized in that behalf, and in no other way.

(4) Such service-pipe, fittings, ferrules, pipes, taps and works may be made by the servants and workmen of the **Commissioners** upon such terms as may be agreed upon between the **Commissioners** and the person requiring the water-supply, or subject to such charges as may be fixed by them;

and, when they are to be so made, the **Commissioners** may require the cost thereof to be paid or deposited before the work is executed.

POWER TO **Commissioners** TO INSPECT PREMISES.

6. The **Commissioners** may inspect any premises supplied with water under Chapter XVII in order to examine all pipes, taps, works and fittings connected with the supply of water, and to ascertain whether there is any waste or misuse of such water.

REPLACING OR ALTERATION OF FITTINGS FOR SUPPLYING WATER.

7. (1) If any pipes, taps, works or fittings connected with the supply of filtered or unfiltered water in any premises be found, on examination by the **Commissioners**, to be defective, they may, by written notice, require the owner or occupier of the premises—

(a) to replace such fittings, or

(b) to make such alterations therein as may be specified in the notice.

(2) If any notice issued under sub-rule (1) is not complied with within forty-eight hours, the **Commissioners** may forthwith carry out the work, and the cost thereof shall be payable by the person to whom the notice was issued.

INSPECTION OF WORKS, ETC., BY QUALIFIED OFFICER BEFORE PERMITTING CONNECTION WITH MAINS.

8. (1) Before a connection for the supply of water from the municipal mains to any premises is sanctioned by the **Commissioners**, they shall cause all the works, pipes, taps and fittings within such premises to be inspected by a duly qualified officer.

(2) Until the **Commissioners** have certified that the said works, pipes, taps and fittings have been executed and put up in a satisfactory manner, no connection with the municipal mains shall be made.

Meters.

TESTING OF METER.

9. (1) If the owner or occupier of any premises to the service-pipe of which a meter is attached desires to have the meter tested, he may send a written application to the **Commissioners**, and such application shall be accompanied by a fee of five rupees.

(2) Upon receipt of any such application and fee, the **Commissioners** shall forthwith cause such meter to be tested, at a time and place to be specified in a notice to be served upon such owner or occupier.

(3) If such meter is found, upon being so tested, to register more than two *per cent.* in excess of the correct quantity, the said fee shall be returned to the person who sent it.

PAYMENT BY OCCUPIER IN CASE OF INCORRECTNESS OF METER.

10. If a meter which has been tested under rule 9 does not register more than two *per cent.* in excess of the correct quantity, the amount payable under section 238 shall be calculated according to the quantity indicated by the meter; but if the meter registers more than two *per cent.* in excess of the correct quantity, the quantity indicated shall, for the purpose of calculating the amount payable under section 238, be reduced by double the percentage of the excess registered:—

Provided that—

- (a) if such excess is more than ten *per cent.*, no charge shall be made under section 238; and
- (b) no reduction shall be allowed, in calculating the charge for excess under section 238, on account of the incorrectness of the meter, except on the amount payable for the quarter in which the application referred to in rule 9, sub-rule (1), is received.

REPLACING OF METER.

11. When any meter attached to the service-pipe of any premises is out of order or under repair, the **Commissioners** shall forthwith replace it by another meter.

PROHIBITION OF FRAUD IN RESPECT OF METER.

12. No person shall fraudulently—

- (a) alter the index to any meter, or prevent any meter from duly registering the quantity of water supplied, or
- (b) abstract or use water before it has been registered by a meter set up for the purpose of measuring the same.

PROHIBITION OF INJURING METER OR FITTINGS.

13. No person shall wilfully or negligently injure or suffer to be injured any meter belonging to the **Commissioners**, or any of the fittings of any such meter.

ADDENDA AND CORRIGENDA.

No. 2899F.—12th July 1930. The following corrections have been authorised and are published for general information:—

The Bengal Financial Rules, 1st Edition (Reprint), 1930.

Pages 135-36—Subsidiary Rule 47.—Add the following as a fresh paragraph under this rule—

The instructions noted below should be observed by Drawing Officers in the preparation of establishment bills and the disbursement of their proceeds:—

(1) The office and fair copies of all monthly pay bills should be totalled by different clerks independently, and the Drawing Officer should note that the totals in both bills agree.

(2) It is not sufficient that the component items of an establishment bill should be checked. The total shown in the bill should also be checked by adding up the items. This should be done by the Drawing Officer, or by a Gazetted Officer before the bill is signed by the Drawing Officer.

(3) The total of an acquittance roll should be checked against the total of the corresponding establishment bill and the money received from the treasury. It should be seen that any difference between the totals is properly accounted for, that every payee has

given a proper quittance and that any undischarged amount is returned to safe custody. This should be done by the Drawing Officer or by a Gazetted Officer.

(4) It should be arranged, wherever practicable, that disbursements are not made by the clerk who prepares the establishment bills.

Page 137—Subsidiary Rule 49.—Insert the following as sub-paragraph (c):—

When an officer signs an absentee statement accompanying an establishment bill, he should see that a diagonal line is drawn across the blank space, if any, below the last entry.

Page 137—Subsidiary Rule 50.—Add the following to this rule after deleting the full stop at the end:—

Who should see that a diagonal line is drawn across the absentee statement with the word "blank" in brackets in the middle of the line.

No. 8167Jur.—11th July 1930.—In exercise of the powers conferred by section 6 of the Indian Census Act, 1929 (X of 1929), the Governor in Council proposes to issue the following instructions for the guidance of census officers in all districts within the jurisdiction of the Governor of Bengal including the town of Calcutta. The instructions will be finally issued after consideration of such objections as may be received within one month from the date of issue of this notification.

Every census officer is authorised to ask of all persons within the limits of the local area for which he is appointed such questions as may be necessary to enable him to fill in, in respect of each of such persons, the particulars required by the following form of schedule, but no census officer shall insist upon recording the name of any woman if there is any objection to giving it or ask to see any female who is not voluntarily produced before him or ask for any information not required for the purpose of the census such as the amount of any person's income or the name of any woman's husband.

Instructions to Enumerators.**I.—RULES FOR FILLING UP THE SCHEDULE.**

You must use black ink only and write very clearly.

Column 1 (House Number).—Enter the number of the house. If it is empty, write "*empty*" after the number, and leave one line blank. If you find a house without a number, you will report to the supervisor for orders. For census purposes a house means one or more buildings occupied by one family; that is a number of people living and eating in one mess with their resident dependents such as mother, widowed sisters, younger brothers, etc., and such servants as reside with them. Houses, however, which are at a distance from each other and entirely separate, though belonging to the same commensal family, should be treated as separate.

Column 2 (Serial Number).—This column is not to be filled up until after the final enumeration. You will then enter a serial number for all persons enumerated.

Column 3 (Name).—Enter first the chief resident member of the family, whether male or female, then the other members of the family and their resident servants, if any. The name of the chief resident member of the family is essential, but for others the relationship will do, e.g., "*wife of so and so*," "*guest of so and so*," "*son of so and so*," etc. If an infant has not yet been named, enter the word "*infant*." When you have entered all the persons in a house, you will leave one space blank before making the entries for the next house.

Column 4 (Religion).—Enter here the religion which each person professes, as *Hindu, Muslim, Sikh, Jain, Christian, Buddhist, Parsi* and the sect where necessary. In the case of Christians, the sect must always be entered. In the case of aboriginal tribes who are not Hindus, Musalmans, Christians, etc., the name of the tribe should be entered in this column.

Column 5 (Male or Female).—Enter whether *male* or *female*, even though you have written the word "female" in column 3 already.

Column 6 (Married, etc.).—Enter each person, whether infant, child or adult, as either *married, unmarried* or *widowed*. Divorced persons should be entered as widowed.

Column 7 (Age).—Enter the age as it was or will be on the birthday nearest to the date of final enumeration, *i.e.*, to the nearest approximate number of years. For infants less than six months old enter the word "*infant*."

Column 8 (Caste, tribe or race).—Enter in this column the caste of Hindus as, for instance, *Brahman, Kayastha, Shaha, Teli*, etc., and in the case of wide castes; the subcaste also. For Aryas, Brahmos, Jains and Sikhs enter caste if they recognise caste and tribe if they do not. Enter for Muhammadans the racial group (*Saiyad, Shekh, Mogal, Pathan*) or functional group (*Behra, Jolaha, Kulu*, etc.), which they profess. Enter the tribe of aboriginals as, for instance, *Santhal, Oraon*, etc.,. Enter for Buddhists whether they are *Burmese, Maghs*, etc. For Parsis and other Indians (such as some Christians) who have no caste or race enter "*Indian*." For other than Indians enter race, *i.e.*, whether they are English, Canadian, French, Anglo-Indian, Goanese, etc.

Column 9 (Earner or dependent).—Enter as *earners* persons who actually work or carry on business, whether personally or by means of servants; or who live on rents, pension, etc.; or who have a share in a coparcenary property or trade or financial concerns and are supported or principally supported thereby. Enter all other persons as "*dependents*." Women and children are ordinarily dependents even if they regularly work or assist the members of their family at their work; but if they regularly get money or any kind of direct return for their work and thereby augment the family income, they are earners.

Column 10 (Principal occupation).—Enter the principal means of livelihood of all earners. Enter the exact occupation and avoid vague terms such as "*service*" or "*writing*" or "*labour*." For example, in the case of labour, say whether in the fields or in a coal mine or jute factory or cotton mill or lac factory or on earth-work, etc. Enter as "*landlords*" those who have land but lease it out and live on the rents in cash or kind and do not actually cultivate either themselves or by servants or hired labourers and distinguish between landlords of agricultural land and of houses or town property. Enter as "*agricultural labourers*" those who cultivate land for hire in cash or kind. Enter all other persons cultivating the land either with their own hands or by servants or hired labourers as "*cultivators*" and distinguish between those who have either a tenure or a permanent lease or occupancy right and those who have no tenure or permanent interest. If a person makes the articles he sells he should be entered as "*maker and seller*"

thereof. Women and children who work at any occupation which helps to augment the family income and have been shown as earners in column 9 must be entered in column 10 under that occupation. Column 10 will be blank for persons entered as "dependents" in column 9.

Column 11 (Subsidiary occupation).—Enter here any occupation which earners pursue at any time of the year in addition to their principal occupation. Thus, if a person lives principally by his earnings as a boatman but partly also by fishing, the word "boatman" will be entered in column 10 and "fisherman" in column 11. If an earner has no additional occupation the column will be left blank. If a person shown in column 9 as dependent has an occupation it will be shown in column 11. Dependents who help to support the family by subsidiary work, *e.g.*, a woman who helps in the fields as well as doing house work, will be shown in column 11.

Column 12 (Industry in which employed).—Enter in this column the industry only in the case of those who exercise the occupation recorded in column 10 or 11 for pay in the employ of a company, firm or individual similarly employing and paying other persons. In other cases leave the column blank. Thus in the case of a person shown as "carpenter" in column 10 or 11 column 12 will be blank unless he is employed and paid wages by some company, firm or individual employing and paying wages also to other persons; but it will contain the entry "furniture-making" or "motor-repairing" or "boat-building" if he is regularly employed by such a concern. Similarly for managers, clerks, operatives or workmen employed in a factory or by any person employing industry enter the name of the industry, *e.g.*, "biscuit-making," "jute-spinning," "jute-weaving," "paper-making," "coal-mining," "tea-growing," "rice-milling," etc.

Column 13 (Birth district).—Enter the district or State in which each person was born; and if the person was not born in Bengal add the name of the province to the district of birth. If the person was born out of India, enter the country as *Nepal, Afghanistan, Ceylon*. The names of villages, tahsils, etc., are not to be given.

Column 14 (Language).—Enter the language which each person ordinarily uses from childhood in his own home. In the case of infants and deaf-mutes the language of the mother should be entered.

Column 15 (Other languages in common or domestic use).—Enter here any other language or languages habitually spoken by each person in daily or domestic life in addition to his mother tongue shown in column 14.

Column 16 (Languages in which literate).—Enter against all persons the name of all current languages which they can both read and write. In the case of persons who cannot read and write any language this column will be blank. Where Hindustani is the spoken language enter "*Urdu*" or "*Hindi*" according to the script in which the language is written.

Column 17 (Literacy in English).—Enter the word “*literate*” against all persons shown as literate who can *both* read and write English. The column will be blank for those who cannot.

Column 18 (Infirmities).—If any person be blind of both eyes (*i.e.*, unable to count the fingers of a hand held up at less than one yard’s distance from him), or insane, or suffering from corrosive leprosy, or deaf and dumb, enter the name of the infirmity in this column.

Do not enter those who are blind of one eye only, or who are suffering from white leprosy only.

II.—PROCEDURE.

A.—The first round (*Preliminary Enumeration*).

1. Beginning from the 1st January 1931 (16th Pous 1337 B.S.), you will visit every house in your block on which a separate number has been affixed, in the order in which the houses are entered in your block list, and fill up the columns in the schedule for all persons who ordinarily live in or take their meals from the house. Even if they are temporarily absent, such person should be entered, if they will be back by the 26th February (14th Falgoon). Visitors should not be entered if they will have left before that date.

2. You must carefully study the instructions given above for filling in the columns of the schedule and also the specimen schedule on the cover of this book, which contains a number of entries illustrating the rules. You should consult your supervisor whenever you are in doubt as to the proper entry.

3. If directed to do so by your supervisor, you will make a rough draft on plain paper, and you will not copy it in your book until it has been passed by him.

4. If the entry for any person in any of the columns of the schedule be the same as that for the person entered on the line above, you must repeat the entry. You must not write the word “*ditto*” or make dots.

5. You must have completed all the entries in your block by the 1st February 1931 (18th Magh 1337 B.S.).

6. Between the 1st and 26th February (18th Magh and 14th Falgoon) you must with special care look out for and report to your supervisor any houses newly erected or newly occupied in your block. You will make entries in the schedule for all persons living in such houses and will get such entries examined and tested by your supervisor.

B.—The second round (*Final Enumeration*).

7. On the evening of the 26th February (14th Falgoon), at the time of lighting lamps, you will take this book as already filled in and again visit every house in your block in order. Before you start on your round you must see that you are yourself enumerated in the house where you are stopping.

8. You must summon the chief member of each family and read over to him one by one the names of the members of his household entered in the schedule, asking him, as you read each name, whether the person is present in the house or not. You must also ask him particularly whether any fresh persons have come or any child has been born. You must strike out the entries for persons who are not present, and fill up the form for any person now in the house who was not there when the first visit was made, such as guests, newly-born infants and others. You are to consider as present all persons living in or taking their meals from the house, even though any of them may be out fishing or watching in the fields or the like.

9. The fresh entries mentioned in the last rule must be made on the blank pages at the end of your book. In each case you will enter the number of the house to which the fresh entries relate, writing under it the word "*continued*."

10. You must make no alteration whatever in any entry against the name of any person unless you have to strike out the entries altogether, because he or she is no longer present. When you strike out a person, you must draw a line completely through all the entries following that person's name, and not merely through column 3.

11. Whilst going on the final round, you must visit every house marked "empty" in your book, to see whether any person is then living there.

12. You must also go to the *dharamsalas*, *sarais*, encampments and landing places, where travellers rest for the night, and enter all particulars in the schedules for the wayfarers, boatmen, pilgrims and others you may find there, and strike out the entries already made against persons who are not then present. You should ascertain from the village watchmen whether any members of a wandering tribe have come to your block. If so, you must go and enumerate them in the manner prescribed above.

13. If any house-holder in your block has been given a separate schedule, you must collect it on the morning of the 27th February (15th Falgoon), and after seeing that columns have been duly filled in according to the rules, you must stitch it into your book, next to the last schedule filled up by you.

14. You will then on the morning of the 27th February (15th Falgoon) go without any delay to the place appointed by your supervisor, and after your book has been inspected by him, you will enter in the abstract printed on the inside of the cover, the number of occupied houses and persons, male and female, in your block.

15. According to the Census Act, every person is legally bound to furnish you with such information as is necessary for filling up the schedule, but you are forbidden to ask for any information not required for the purposes of the census, *as, for instance, the amount of any person's income* or to disclose to any unauthorised person any information given. Any enumerator extorting money on any pretext connected with the census, renders himself liable to punishment under the Census Act or the Penal Code. Entries in the schedules are confidential and cannot be used hereafter in any legal proceedings in the Civil Courts.

IRRIGATION DEPARTMENT.**NOTIFICATIONS.****[Fourth publication.]**

No. 5T.I.—2nd June 1930.—In exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, the Governor in Council proposes to pass the following rules and fix the undermentioned rates to be charged for water supplied from the Bakreswar Canal in the Birbhum district.

2. Notification No. 2-I., dated the 1st April 1930, on the subject published in the *Calcutta Gazette* in its issue of the 17th April 1930, and three successive issues, is hereby cancelled:—

Leases for a term of years.

1. The country served by the canals shall be mapped out into blocks of convenient size in accordance with the features of the ground, natural or artificial. So far as may be practicable, the blocks shall be separated by drainage lines. This shall be done by the Subdivisional Canal Officer under the guidance and control of the Divisional Canal Officer.

2. Each block determined as above shall be numbered and recorded with its gross and irrigable areas in registers to be maintained by the Subdivisional Canal Officer. The blocks shall also be marked on maps to be maintained by the same officer.

3. Leases for not more than seven years may be granted for the whole irrigable area of a block or for definite parts of a block under the following conditions:—

I.—Ordinarily the whole irrigable area of any village so far as situated within the block must be included in the lease. If the lands of a village within the block are divisible into two or more distinct parts which can be irrigated independently, a separate lease may be granted for each part.

II.—All leases within one block shall be so granted that they may expire on the same date.

III.—No lease shall be granted when the supply of water must of necessity be delivered across an unleased area, unless a channel exists, which in the opinion of the Subdivisional Canal Officer, will deliver water without waste across the unleased area.

4. The Superintending Engineer shall fix from time to time the gross area for which and the limits of the canal within which, leases for a term of years may be granted.

5. Maps of all villages in which lands have been brought under lease for a term of years, or in which there is any probability of such leases being taken, shall be kept in the Subdivisional Canal Office. These maps to be at scale 32"=1 mile when such are available, and elsewhere at scale 16"=1 mile.

6. The preliminary application for a lease for a term of years, either new or renewal, may be of an informal nature, but it must be in writing. It may be presented and shall be received either at the Subdivisional or Sectional Canal Office; in the latter case the Sectional Officer shall forward it immediately to the Subdivisional Canal Officer. The Subdivisional Canal Officer as soon as he has, by personal enquiry or by any other means, ascertained the facts of the case, shall forward it to the Divisional Canal Officer.

in question constitutes a definite block or a definite part of a block, and that it can be irrigated, shall at once inform the Divisional Canal Officer giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. The lands to be brought under lease shall be indicated on a copy of the map alluded to in rule 5.

7. On receipt of such approval the Subdivisional Canal Officer shall depute an amin to prepare the *khassra* or detailed assessment paper. This shall be done on the ground with the aid of the revenue survey map and *khassra*. Should the survey map and *khassra* not be available, the amin shall make a sketch map, and shall measure the areas of the holdings with a chain or measuring-rod.

8. When the amin has completed the *khassra*, the Subdivisional Canal Officer shall forward it to the Divisional Canal Officer for approval.

9. As soon as the *khassra* has been approved by the Divisional Canal Officer, he shall return it to the Subdivisional Canal Officer endorsed with his signature in token of approval.

The Subdivisional Canal Officer shall then prepare a *khatian* or abstract of the *khassra*, and shall have the form of application, given as Appendix No. I to these rules, filled up and signed or marked by each of the applicants, in the presence of two witnesses.

When the application has been completely signed, the Subdivisional Canal Officer shall send it to the Divisional Canal Officer, by whom the permit or formal approval of the lease shall be signed and issued in the form given as Appendix No. III to these rules. The permit shall be made over to the representative of the cultivators by the Subdivisional Canal Officer by means of his Sectional Officer.

10. Should it happen that the cultivators of the block proposed for lease are not unanimous, and that certain of them decline to sign the application, the Subdivisional Canal Officer shall report the matter to the Divisional Canal Officer and shall hold a local enquiry, recording the statements of the persons who decline to sign and recording his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide whether the lease may be accepted excluding the fields in the occupation of the persons who decline to sign, or whether the lease shall be declined. The Divisional Canal Officer is authorised to grant a lease when not less than 95 per cent. of the net irrigable area of the block has been signed for. In particular cases should it be desirable to grant a lease even though an area larger than 5 per cent. of the block has not been signed for, this may be done on the written order of the Superintending Engineer. The reasons for granting the lease shall be fully recorded.

Covering Leases.

11. Applicants for a lease for a term of years who may require water before the lease has been concluded can obtain a supply on tendering an application for a covering lease in the form given as Appendix No. II to these rules. This application must be signed in the presence of the tahsildar or of some other responsible officer nominated for the purpose by

the Subdivisional Canal Officer. The signatures should be those of the leading cultivators in the block in question and they should represent holders of not less than 75 per cent. of the irrigable land within the block.

As soon as the Subdivisional Canal Officer receives the application duly signed, he shall issue a permit in the form given as Appendix No. IV to these rules, and shall at once supply water.

Season Leases.

12. Applications for water to irrigate spring rice or other crops between the 16th November and 15th June, may be presented at the Subdivisional Canal Office or to the Sectional Officer. They must be in the form given as Appendix No. V to these rules.

In the applications the areas for which water is required must be specified but the rate will be charged on those areas for which water is actually used as determined by measurement.

The permit in the form given as Appendix No. VI to these rules will be granted by the Subdivisional Canal Officer if he is able to supply the water.

Supply of water.

13. The Divisional Canal Officer shall control the supply of water throughout the Division in his charge.

14. No water shall be supplied to any lands except such as have been brought under a lease for a term of years or for the season, or to such as are provided for by a covering lease.

15. Under the forms of irrigation lease in use, no specific supply of water is promised: but the undertaking is to give such a supply to each lessee as may be necessary for the lands leased. The supply shall be given, as may be required for the proper cultivation of the crops under irrigation, according to the exigencies of the season.

16. The Divisional Canal Officer is empowered to give the required supply by rotation should this be advisable for the efficient working of the canals in his charge. In such a case, he is required to give the lessees written notice informing them of the periods when they will be supplied with water.

Collection of water-rates.

17. The rates due for water supplied shall be collected by the Subdivisional Canal Officer through his staff of tahsildars and peons. All *khatians* or demand statements shall be signed by the Subdivisional Canal Officer after scrutiny in his office.

18. At the time of preparation of the *khatian* in the Subdivisional Canal Officer's office, each person assessed shall be furnished with an extract from the assessment paper, showing the particulars of the charge against him. This extract shall be furnished in such form as may from time to time be approved for the purpose.

19. Each person on paying the sum due from him shall be given a receipt in the form prescribed for the purpose.

20. In regard to any proceedings taken under the Public Demands Recovery Act the Divisional Canal Officer is subject to the control of the Collector of the district.

Unauthorized use of water and waste of water.

21. Should it be necessary to take action under the provisions of sections 79 and 80 of the Act, proceedings shall be instituted only under the direct and special order of the Divisional Canal Officer. The primary record of the facts regarding the unauthorized use or the waste of water shall be made by the Subdivisional Canal Officer and his subordinates. The parties whom it is proposed to assess shall be informed in writing, and shall be called on to show cause why they should not be assessed. The record of their statements shall be made by the Divisional or by the Subdivisional Canal Officer. The Divisional Canal Officer shall consider the facts and statements recorded, and shall in deciding the case give his reasons for or against assessment, both as regards the facts and as regards the law; and he shall determine the rate to be charged, subject to the provision in the schedule of rates attached to these rules.

22. Should the Divisional Canal Officer decide on making an assessment, he shall have the assessment papers prepared by the Subdivisional Canal Officer and his staff. Each person assessed shall be furnished with a statement of the charge against him, and an abstract of the demand or *khatian* shall be sent to the Subdivisional Canal Officer, who shall proceed to recover the sums assessed. The period of one month within which an appeal may be presented to the Collector under section 91 of the Act shall count from the date on which the statement of the charge is furnished to the person assessed, which date shall be endorsed on it.

23. No proceedings shall be instituted if the unauthorized use or the waste of water have occurred through the act or neglect of a Canal Officer or subordinate employed on the canal. During the irrigation of autumn rice, the passing on of surplus water from leased to unleased fields is not an unauthorized use of water.

Complaints and Applications.

24. All complaints or applications with respect to the supply of water, to defective drainage, and generally with respect to the administration of the canal, shall be received on presentation at either Divisional or Subdivisional Canal Offices.

Complaints and applications received by a Divisional Canal Officer may be transferred to his Subdivisional Canal Officers for disposal at his discretion.

25. Complaints or applications with respect to corrections of the assessment, with respect to the actions of the amins in assessing, and with respect to the actions of the tahsildars and other staff employed in collections, shall be received at the office of the Divisional Canal Officer.

26. Receipts in the prescribed form shall be given at all offices for complaints or applications presented. The receipt of all complaints and applications shall be recorded in registers to be kept for that purpose.

27. The officer receiving the complaint or application shall either make a personal enquiry into the matter or he shall nominate in writing some responsible person to hold the enquiry.

28. The orders passed on all complaints or applications shall be in writing and a copy of every order shall be furnished to the complainant or applicant.

The copy of order may be sent by post (registered), if this is convenient.

The period within which an appeal may be presented under section 91 of the Act shall be reckoned from the date on which the copy of the order is received by the person.

29. When an appeal to the Collector is from the order of a Subdivisional Canal Officer, the proceedings shall be called for through the Divisional Canal Officer, who may record on them such remarks as he may think desirable, provided that he does not thereby detain the proceedings.

In all cases in which an appeal against an assessment is preferred to the Collector, that officer may, if he thinks fit, direct that the collection of water-rates be suspended till the appeal is heard.

30. The Divisional Canal Officer is empowered to revise the proceedings of his Subdivisional Canal Officers, and the Superintending Engineer is empowered to call for and to revise the proceedings of all officers under his control.

Remissions and Alterations of Demand.

31. Whenever the crop on land entitled to a supply of water suffers material injury from an insufficient supply of water, or from any interruption in the supply of water, remission of the rate due on such crop shall be given in whole or in part by the Divisional Canal Officer, provided that the person claiming remission shall have applied for such not less than 15 days before the reaping of the crop.

32. On the occasion of lands being brought under a lease for a term of years, the Divisional Canal Officer is empowered to remit the rates for the first season on those fields which from the nature of the cultivation then obtaining, or from other causes, have not, in that season, derived any benefit from the supply of canal water.

33. Should the crop on lands under lease for a term of years suffer material injury from excess of water due to deficient drainage the Divisional Canal Officer may grant remission of the rates due on such lands in whole or in part, provided that the person asking for remission shall have applied at least 15 days before the reaping of the crop.

34. Revisions of the assessment required in consequence of land under lease being left uncultivated or of land being appropriated for purposes other than cultivation shall be made under the orders of the Divisional Canal Officer.

35. Revisions of the assessment required in consequence of incorrect entries of the names of occupants of lands under lease or of incorrect entries of areas or amounts in the assessment papers, or required by changes in the occupation of lands shall be made under the orders of the Divisional Canal Officer.

36. Remissions of water-rates on account of injury to the crops caused by inundation, by blight, by storms or by any extraordinary cause will only be allowed under the special orders of the Local Government.

Irrecoverable Demands.

37. The Superintending Engineer is empowered to sanction the write-off of those demands which are reported, after due enquiry by the Divisional Canal Officer, as irrecoverable owing to the poverty of the defaulter or of his successors in case of his death, or owing to the defaulter having absconded.

Cultivators' Representatives.

38. Whenever the preliminary application for a lease for a term of years has been approved by the Divisional Canal Officer, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons who shall generally be acceptable to the cultivators and who shall each have a direct interest in the land for which the lease is executed.

39. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

(i) In the preparation of applications for leases.

(ii) In the measurement of irrigated lands.

(iii) In recording the names of the occupiers of the holdings.

(iv) In receiving demand statements and distributing to the cultivator the individual notices of assessment.

(v) In attending, when required, at enquiries into complaints.

(vi) In reporting to the Subdivisional Canal Officer any changes in the occupancy of lands under lease.

(vii) In assisting the tahsildar in collecting rates.

40. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his or in their own occupation which may lie within the boundaries of the leased area, subject to a total limit of 3 per cent. of the area assessed. The Divisional Canal Officer may disallow in whole or in part this free irrigation, and may recover the rates which would otherwise have been payable in whole or in part if the assistance specified in rule 39 has not been efficiently rendered. The reasons for such disallowance shall be recorded in writing.

41. The Subdivisional Canal Officer shall maintain in his office a register containing a record of the names of all representatives and of the areas of free irrigation allowed to each.

42. Applicants for season leases shall be required to nominate one of their number who must have a substantial interest in the land to be irrigated as their representative. The representative so nominated shall perform the same duties as stated in rule 39 and shall receive remuneration on the same scale as in rule 40.

Power to decline or cancel leases.

43. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Engineer to direct that the lease shall be cancelled with

effect from the 16th of June next following. The order to cancel a lease shall be passed before the 1st of April of the year in which it is to take effect.

44. The Superintending Engineer may give directions to the Divisional Canal Officer to decline applications for irrigation leases of lands in villages where there has been persistent difficulty in realizing the water-rates, until all arrears have been paid.

He may further suspend, or altogether cancel, any lease for a term of years, if on the 1st June of any year water-rates to the extent of half the demand for one year are in arrears. Previous notice of intention to put this rule in force shall be given not later than the 15th April preceding.

Miscellaneous.

45. Tanks may be supplied with canal-water without charge, when water can be made available without injury to the cultivation dependent on a canal, under the following conditions:—

(i) That the water is to be exclusively used for domestic purposes, or for watering cattle.

(ii) That a channel exists through which water can pass without waste.

(iii) That the water shall only be supplied on the written order of the Subdivisional Canal Officer.

(iv) That any new outlet or sluice which may be required to allow of the supply being given shall be provided at the cost of the persons who ask for the water.

(v) That the supply of water may be stopped at any time if it is found that it is being misused.

46. Except when a public right-of-way exists, no person shall, without the permission expressed in writing of the Divisional or Subdivisional Canal Officer, pass himself, or cause any animal or vehicle to pass, on or across any of the works, banks or channels of a canal, or drainage work which is part of the canal system except by means of such bridges, fords and ferries as may have been provided for the purpose.

Any person who, after due warning, commits a breach of this rule, may be proceeded against under section 93, clause (9), of the Irrigation Act.

47. The use of any part of the banks or berms of any canal, drainage work which is part of the canal system, or flood embankment which is subject to the provisions of the Irrigation Act, as a place for relieving the calls of nature, is prohibited. Any person who after due warning commits a breach of this rule may be proceeded against under section 93, clause (9), of the Irrigation Act.

48. Should water be required for purposes other than irrigation, it may be supplied when available at a rate of one rupee per 10,000 cubic feet of water.

49. No officer employed on the canals, unless especially exempted by the Governor in Council from the operation of this rule, shall have any interest in the distribution of water from any of the canals or purchase or bid for any Government property sold thereon either in his own name or in the name of another, or jointly, or in shares with others.

*Schedule of rules for water supplied from the
Bakreswar Canal.*

Rs. A.

For water supplied on a lease for a term of years - supply given from 16th June to 15th November of each year ... 4 8 per acre.

The rate is due in two equal instalments on the 1st of January and the 1st February of each year. Provided that when the sum payable by any lessee is less than Rs. 10, the whole amount shall be due on the 1st of January in each year.

For water supplied on a covering lease to irrigate lands for which a preliminary application for a lease for a term of years has been received and failing the completion of the same. The rate is due as in the case of a lease for a term of years ... 5 0 per acre.

For water supplied on a season lease for the irrigation of any crops between 16th November and 15th June ... 5 0 per acre.

The rate is payable on 1st July following.

For the unauthorised use of water or for the waste of water such rate may be charged as determined by the Divisional Canal Officer under rule 21, subject to a maximum of Rs. 7-8 per acre or 3 rupees per 10,000 cubic feet if taken into tanks, etc. Such rate shall be due on presentation of the notice of assessment to the person assessed.

Appendix I.

[Referred to in rule 9.]

Application for a lease for a term of years.

Rate Rs. 4-8 per acre: water to be supplied each year from the 16th June to 15th November only.

WE, the undersigned, of mauza , pargana , thana , apply for water to be supplied from the Bakreswar Canal for a term of years, commencing on the 16th June and ending 15th November. The supply of water is required for the irrigation of the block of land formed by our holdings as specified below.

2. We agree that the amounts due shall be payable to the Executive Engineer, Bankura Division, or to such person as he may appoint, on the 1st January and 1st February, or if Rs. 10 or under on 1st of January of each year, and shall be payable independently of our requiring water in any particular year or not.

3. We also agree to be bound by the rules published in the *Calcutta Gazette* for pages , Notification No. .

4. We agree that this application shall not be deemed to have been completed until all the irrigable fields within the block have been signed for, and that failing such completion any covering lease which may have been granted shall be enforced.

5. We agree that the areas* and amounts as given in the statement below are correct at the commencement of the lease, and in token of agreement we attach our individual signature or mark.

* Areas to be given in acres with a note to show the equivalent in the local measure of an acre.

6. Our heirs and representatives shall be bound by the terms of this agreement in case of our decease.

Educational Notices.

Presidency Division.

NOTIFICATION.

40/1A, Free School Street, Calcutta, the
27th June, 1930.

Test Examination of private candidates for the Matriculation Examination of 1931.

A Test Examination of private candidates will be held in the Senate Hall, Calcutta, from Monday, the 24th November 1930. *Such candidates only as reside in any of the districts of the Presidency Division, including Calcutta, will be admitted to the examination.* The term "private candidates" includes school-masters. A non-Bengali candidate should produce an affidavit sworn by his legal guardian before a Magistrate that the candidate has been in residence in any of the districts of the Presidency Division including Calcutta for at least one year before the date of the examination.

2. (a) Private candidates are those who have not attended any school, recognised or unrecognised, imparting general education for at least one year previous to the Matriculation Examination. They should produce proof that they have not attended any school for such period.

(b) They should also produce certificates of conduct and progress in studies from the authorities of the last school where they read, and also a certificate from other reliable authorities regarding conduct and progress in studies after leaving school.

(c) The transfer certificates granted to them by the authorities of the schools in which they studied last and the Registrar's receipt for the fee paid in the case of those candidates who previously appeared at the Entrance or the Matriculation Examination must be submitted in original along with the application for permission to appear at the Test Examination.

(d) A statement of the antecedents of the candidate should accompany his application. He should state whether he has read in any unrecognised school, and, if so, in what school and in what year. A student, who failed to pass the annual examination for promotion to the first class at the end of the year 1929 and then left school, will in no circumstances be allowed to appear at the Test Examination of 1930.

3. *Bona fide* teachers employed in any of the schools in the Presidency Division may be admitted to the examination. They must produce certificates of service and character from their employers or from the District Inspector of Schools of the district concerned.

4. No one shall be admitted to the Matriculation Examination unless he has completed the age of fifteen years on the first day of the month in which the Matriculation Examination is held.

5. Each candidate should submit to the Inspector of Schools, Presidency Division, and *not to the undersigned personally*, not later than the 1st November 1930, his application for admission to the Test Examination, with the following particulars:—

(1) Age, (2) home district and residence, (3) father's name, (4) whether he appeared at any previous Entrance or Matriculation Examination, (5) classical language, (6) vernacular language, and (7) which two of the following optional subjects he has taken up:—

- (a) Additional Mathematics.
- (b) Additional paper in a classical language.
- (c) History.
- (d) Geography.
- (e) Elementary Mechanics.

Candidates may only offer one of the following vernacular and classical subjects (compulsory or additional):—

Vernaculars—(i) Bengali, (ii) Hindi, (iii) Urdu, (iv) Alternative English for those whose vernacular is neither Bengali nor Hindi nor Urdu.

Classics—(i) Sanskrit, (ii) Pali, (iii) Persian, (iv) Arabic.

6. The admission fee for the examination is Rs. 6 for each candidate. This must be remitted with the application on or before the prescribed date, after which a fine of Rs. 2 will be imposed for each week's delay. *In no circumstances will the admission fee be refunded.* All examinees must obtain receipts for fees from the Inspector's office, which should be shown to the Superintendent of the Examination Hall on the first day of the examination.

7. No private student will be admitted to the Test Examination unless he is identified to the satisfaction of the Superintendent at the Examination Hall during the examination by a Government servant who is not in the inferior service, or by a teacher in any recognised college or high school.

8. Candidates who are sent up by this office must appear at the Calcutta Examination centre.

9. Those who reside at a distance from Calcutta may, as special cases, be permitted to sit at the Test Examination at the nearest Government High English School. They will be supplied with printed question papers from this office to which their answer papers should be sent by the head master concerned.

10. The date of the Matriculation Examination in 1931 will be notified hereafter.

11. Applications and fees for admission to the examination must reach the office of the Registrar on or before the date to be fixed by the University.

Intermediate and B.A. Examinations in 1931.

Subdivisional Inspectors, Sub-Inspectors and *bona fide* teachers of English schools in the Presidency Division, who have been employed as such for at least three years preceding the examination, will be admitted to the above examinations on production of certificates of character and length of service (with dates) from their employers. Laboratory assistants and demonstrators and librarians of affiliated colleges will be treated as teachers. *Their applications must reach this office on or before the 1st December 1930.*

1. In accordance with section 9, Chapter XV of the revised regulations dealing with the registration of University students, all candidates who intend to appear at any of the ensuing examinations of the University of Calcutta otherwise than as students of affiliated institutions, and who have applied for or have obtained the special permission of the Senate for the purpose, are required to apply to the Registrar of the Calcutta University for the registration of their names as University students. No person will be deemed a "University student" unless and until his name has been duly registered, and none but "University students" will be eligible for admission to any University examination other than the Matriculation. A registration fee of Rs. 2 must accompany every application.

2. Candidates for the B.A. Examination must send to the Inspector of Schools, Presidency Division, and *not to the undersigned personally*, their F.A., I.A., or I.Sc. certificates and candidates for the Intermediate Examination their Entrance and Matriculation certificates, together with a letter in original from the Senate of the Calcutta University, permitting them to appear at the examination.

3. Candidates should carefully read the printed form of application and supply all the information required by the University, including the Registrar's receipt in the case of those school-masters who were admitted to a previous examination of the same class.

4. The date of the Intermediate and B.A. Examinations in 1931 will be notified hereafter.

5. Applications with the countersignature of the undersigned and fees for admission to the above examinations must reach the *office of the Registrar on or before the dates to be fixed by the University*, and must be sent to that office by the candidates direct.

K. N. MITTER,
Inspector of Schools.

Chittagong Division.

Chittagong, the 19th July 1930.

Rules for the guidance of private candidates for the Matriculation Examination of 1931.

The following rules for the guidance of private candidates for the Matriculation Examination are published for general information.

2. Private students are those who have not attended any recognised or unrecognised school for at least one year previous to the examination. The term "private students" includes *bona-fide* school-masters.

3. Private students must appear at the Test Examination of one of the following institutions on the dates mentioned below:—

Comilla Zilla School, Noakhali R. K. Zilla School, Chittagong Collegiate School and Rangamati High English School.

Date of examination—1st, 2nd 3rd, 4th and 5th December 1930.

Female candidates are not required to undergo any Test Examination.

Each private student will pay a fee of Rs. 5 to the head of the institution in which he appears for the Test Examination. No private student will be admitted to the Test Examination unless he is accompanied for the purpose of identification by some persons known to the headmaster of the institution in which he appears.

4. Application for permission to appear at the Test Examination must be sent in time so as to reach this office not later than the 10th November 1930. The information to be given and the documents to be appended, in original, are the following:—

(a) Name of the school in which the candidate last studied.

(b) Transfer certificate, in original, granted to the candidate by the headmaster of the school in which he last studied; or

(c) In the case of a candidate who previously appeared at the Matriculation Examination, Controller's receipt, in original, for the fee paid.

(d) Age of the candidate. No candidate, who will not have completed the age of 15 years on the first day of the Matriculation Examination, will be allowed to appear at it.

(e) In the case of school-masters, a certificate of good conduct from the secretary of the school in which he is serving or from the Inspector of the district or subdivision concerned.

(f) A certificate from a respectable gentleman to the effect that the candidate has prosecuted a regular course of study and has been subject to proper discipline and that he has not read in any school since the last Matriculation Examination.

(g) A statement by the candidate giving the following facts:—

(i) Residence.

(ii) Father's name.

(iii) Second language besides English.

(iv) Vernacular language for composition.

(v) Vernacular language from which translation is to be made into English in the first English paper.

(vi) Which of the following subjects he has taken up:—

(1) Additional mathematics.

(2) Additional paper in the classical language.

(3) History.

(4) Geography.

(5) Elementary mechanics.

(vii) The name of the school at the Test Examination of which the candidate wishes to appear must be stated. Candidates of the plains districts will not be allowed to appear at the Test Examination of the Rangamati High English School.

N.B.—A student who failed to pass or appear at the annual examination for promotion to class X at the end of the session 1929 and then left the school can, under no circumstances, be allowed to appear at the Test Examination.

5. The Inspector on being satisfied will countersign and return the application, which will then be the candidate's passport for admission to the Test Examination.

6. Every candidate must deposit his fee for the Test Examination with the headmaster of the institution in which he intends to appear, at least 15 days before the date of that examination. The headmaster will deposit the amount realized by him into the local Treasury and forward a copy of the Treasury chalan to this office. He should also submit to this office an account of the charges incurred by him (including remuneration to examiners) for conducting the examination of private candidates, together with vouchers in support of the charges, on receipt of which the Director of Public Instruction will be moved to sanction the expenditure.

7. The headmasters of the institutions named in paragraph 3 above should direct private students who satisfy the test to appear before them in due time, with their applications for admission to the Matriculation Examination, and to sign them in their presence. They will then grant the necessary certificate and forward the applications to the Inspector for countersignature, after which they will be sent by the Inspector direct to the candidates.

8. In no circumstances should the fee for the Matriculation Examination be sent to the Inspector's office. It should be sent to the Controller of Examinations, Calcutta University, by the candidates themselves, together with the countersigned applications.

9. Private students must understand that the Test Examination of any school other than those named above will not be accepted by the Inspector.

10. The Matriculation Examination will be held in March 1931, the exact dates of which will be notified by the University.

11. Applications and fees for admission to the Matriculation Examination must reach the office of the Controller of Examinations on or before the date to be fixed by the University.

KAMALUDDIN AHMAD,

Insp. of Schools, Chittagong Division (offg.).

Dacca Division.**Rules for the admission of private candidates to the University Matriculation Examination, 1931.**

Dacca, the 16th July 1930.

1. A student who has not attended any school, recognized or unrecognized, for at least one year previous to the examination, will be treated as a private candidate. Teachers of schools are also considered as private candidates.

2. Private candidates who desire to sit for the ensuing University Matriculation Examination must appear at the Test Examination of any one of the undermentioned schools, to be held on the 1st December 1930 and the following days:—

- (1) Dacca Collegiate School.
- (2) Mymensingh Zilla School.
- (3) Faridpur Zilla School.
- (4) Barisal Zilla School.
- (5) Jamalpur Government High School.
- (6) Bhola Government High School.
- (7) Jhalakati Government High School.
- (8) Pirozpur Government High School.

3. Every private candidate must submit his application for admission to the Test Examination on or before the 1st November 1930, to the Inspector of Schools, Dacca Division. He must produce a certificate from a responsible Government officer to the effect (1) that he has not attended any school, recognized or unrecognized, for at least one year previous to the examination, (2) that his conduct and character have been good, (3) that he has diligently and regularly prosecuted his studies, and (4) that he has been subject to proper discipline.

A student, who failed to pass the annual examination for promotion to class X at the end of the session 1929 and then left the school, will not be allowed to sit at the examination.

4. Every private candidate must also forward with his application his transfer certificate from the school (if any) in which he last read, or the Registrar's receipt (if he appeared at any previous Matriculation Examination), or a certificate from a respectable person with personal knowledge of the facts of the case that he has never been to any school.

5. No one will be admitted to the Test Examination unless he has produced satisfactory evidence that he will have completed the age of fifteen years on the 1st day of March 1931. For the purpose of this rule the age as recorded in a transfer certificate from a recognized school or in the Registrar's receipt (in the case of those who appeared at any previous Matriculation Examination) will be accepted. Those who have never read in any school must produce either their horoscope or an affidavit sworn by their parents or guardians before a competent Magistrate declaring their age.

6. Every private candidate shall state in his application his name, father's name, date of birth, residence, postal address, thana and district, and the following particulars:—

(1) Whether he appeared at the Matriculation Examination in any previous year.

(2) Language in which (besides English) he is to be examined.

(3) Vernacular language for composition.

(4) Vernacular language from which translation is to be made into English in the first English paper.

(5) Which of the following subjects taken up:—

(a) Additional Mathematics.

(b) Additional paper in classical language.

(c) History.

(d) Geography.

(e) Elementary Mechanics.

7. Every private candidate must pay a fee of Rs. 6 which should be remitted to the Inspector of Schools, Dacca Division, along with the application for admission to the Test Examination, on or before the prescribed date, after which a fine of Rs. 2 will have to be paid for each week's delay. The candidate will be given a receipt for fees. If the candidate be considered eligible for admission to the Test Examination a letter of permission will be issued. This should be shown to the Headmaster on the first day of examination. In no circumstances will this fee be refunded.

8. On the first date of examination, he must be accompanied, for the purpose of identification, by some person known to the officer conducting the examination, otherwise he will not be admitted to the Test Examination.

9. The Headmasters of the schools named above should send to this office, for orders, a statement, *in duplicate*, showing the marks gained by each private candidate in each subject at the Test Examination, *within a fortnight from the date of the said examination*. The application forms of candidates who are declared eligible should be forwarded to this office for countersignature, duly filled in and signed.

10. Private candidates should arrange to remit their examination fees, together with the countersigned application forms, direct to the Controller of Examinations, Calcutta University, so as to reach him on or before the date fixed by the University.

11. The Matriculation Examination for 1931 will be held on the 1st March and the following days, or any other subsequent date declared by the University.

Intermediate and B.A. Examination, 1931.

Bonâ fide teachers of recognised English schools and inspecting officers of the Education Department, who have been employed as such continuously for at least three academical years (32 calendar months) immediately preceding the dates of examinations, will be admitted to the I.A. and B.A. Examinations of the Calcutta University as non-collegiate students, provided they have obtained special permission of the Senate.

Demonstrators, Laboratory Assistants and Librarians of affiliated Colleges are regarded as teachers.

2. Candidates who have obtained special permission of the Senate must submit their applications to this office for countersignature not later than the 3rd January 1931.

3. Candidates should carefully read the printed form of application and supply all the necessary information.

4. The following documents in original must accompany the application:—

(a) The letter from the Senate of the Calcutta University permitting the candidate to appear at the ensuing examination.

(b) The University certificate to show that the candidate has passed the next preceding examination.

(c) Registrar's receipt in the case of those who were admitted to the same examination in a previous year.

(d) Registrar's receipt to show that the candidate's name has been registered as a "University student." If his name has not already been registered, he should produce a Post Office receipt showing that the required fee of Rs. 2 has been remitted to the University to get his name registered.

(e) A certificate from the Secretary in the case of teachers, and from the immediate superiors in the case of others, showing (i) that he has been serving as such continuously for three academical years (32 calendar months), (ii) that he has been diligently and regularly prosecuting his studies, and (iii) that his character and conduct have been good.

5. The dates of I.A. and B.A. Examinations, 1931, will be notified in the *Calcutta Gazette* in due course.

6. Applications with the countersignature of the undersigned, together with the fees for the above examinations, must reach the office of the Controller of Examinations, Calcutta University, on or before the dates to be fixed by the University and must be sent to that office by the candidate himself direct.

J. C. GHOSH, Registrar.

Calcutta University.

Senate House, the 14th July 1930.

NOTICE.

The Senate will proceed in the month of August 1932 to the election of a Tagore Professor of Law for a term of one year, to commence on the 1st August 1932.

The salary of the Professorship is Rs. 9,000 per annum, and the Professor will be expected to deliver a course of not less than twelve lectures on one of the following subjects :—

(i) The History of Development of Hindu Law in British India.

(ii) The History of Development of Moslem Law in British India.

(iii) The Law relating to Dissolution of Marriage and Judicial Separation in British India.

The salary of the Professor will be paid in twelve equal monthly instalments, the first instalment to be paid on the first day of the month following that in which the first lecture is delivered.

Candidates for the Professorship are required to forward their applications to the Registrar on or before the 1st May 1931, stating on which of the abovenamed three subjects they are prepared to lecture. Each candidate will forward with his application one hundred copies of a brief synopsis of his proposed lectures; and if he so pleases, the same number of copies of his introductory lecture.

The Professor will, not later than the month of August following his election, forward to the Registrar a complete copy (manuscript or typewritten) of the lectures which he proposes to deliver. The copy will be forthwith referred to a Committee of the Faculty of Law, consisting of not more than three members to be chosen by the Faculty, who will examine the same, and before the expiry of two months from the date of the submission of the copy by the Professor to the Registrar, report to the Faculty whether the work is complete and ready for the Press. If, upon such report, the Faculty are satisfied that the work is complete, the Professor will commence to deliver his lectures within three months from the date of the resolution of the Faculty and shall complete the delivery thereof in another three months. The copy of the lectures delivered will remain in the custody of the Registrar and shall be sent to the Press, as soon as practicable, after delivery thereof.

If the Professor fails to submit the copy of the lectures, or if the copy submitted be found, on examination, to be incomplete and not ready for the Press, the matter will be referred to the Faculty of Law, upon whose recommendation the Senate may either extend the time or cancel the appointment.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

Land Acquisition.

Birbhum.—No. 70971.A.—30th May 1930.
—Mr. Sudhansu Kumar Haldar, i.c.s., Sub-divisional Officer, Rampurhat, in the district of Birbhum, is vested with the powers of a Collector, under the Land Acquisition Act, I of 1894, in that subdivision.

Burdwan.—No. 85451.L.A. — 21st July 1930.
—The following agreement is published under section 42 of the Land Acquisition Act, I of 1894, for general information:—

H. J. TWYNAM,

Secy. to the Govt. of Bengal.

Stamped Twelve Annas.

Agreement.

Memorandum of agreement made this 16th day of July one thousand nine hundred and thirty between the Kalna Central Co-operative Bank, Limited, a registered society within the meaning of the Co-operative Societies Act, II of 1912, and having its registered office at Kalna in the district of Burdwan (hereinafter called the Society) of the one part, and the Secretary of State for India in Council (hereinafter called the Secretary of State) of the other part.

Whereas for the purpose of the construction of an office building and other necessary outhouses (and for affording accommodation to co-operative societies either established at Kalna or affiliated to the Society) for the Kalna Central Co-operative Bank, Ltd., the Society has applied to the Government of Bengal for the acquisition, under the provisions of the Land Acquisition Act, I of 1894, of the piece or parcel of land measuring 1.94 acres or thereabout situate in Mahalla Kansaripara, Ward No. III of the municipal limits of Kalna, in the district of Burdwan, and more particularly described in the schedule hereto and delineated in the plan* hereunto annexed.

And whereas the said Government of Bengal being satisfied by an enquiry held under section 5A and clauses (a) and (b) of section 40 of the said Act that the proposed acquisition is needed for the aforesaid purpose and that the said work is likely to prove useful to the public, has consented to acquire on behalf of the Society the piece or parcel of land hereinbefore described.

And whereas the said Government of Bengal has required the Society under the provisions of section 41 of the abovementioned Act to enter into the agreement with the Secretary of State hereinafter contained. Now this Indenture witnesseth that it is hereby agreed and declared as follows:—

1. On demand the Society shall and will pay to the said Government of Bengal all and every compensation in respect of the said land tendered, paid or awarded or to be tendered, paid or awarded by the Collector under the Land Acquisition Act, 1894, or by the Court to which a reference under part III of the said Act may be made, or by the Court or Courts to which an appeal from the award of the said Court may be preferred and all costs, charges and expenses of the proceedings in the aforesaid Courts, or otherwise incidental to the proposed acquisition or payable in respect thereof under the provisions of the said Act.

2. On demand made by the said Collector the obligations of the Society under the last preceding clause not being thereby limited, the Society shall and will deposit with the said Collector such sum or sums of money as in his discretion the said Collector may in anticipation estimate to be necessary for the purposes mentioned in the last preceding clause.

3. On payment by the Society of all demands under the foregoing first clause, or in the discretion of the said Government of Bengal (on deposit by the Society of all estimated amounts as provided in the second clause), but not before possession shall have been taken under the provisions of the abovementioned Act, the Secretary of State shall make over possession of the said land to the Society and shall execute and do all such acts and deeds as may be necessary and proper for effectually vesting the same in the Society.

4. The said land shall be held by the Society for the purposes of its office buildings and outhouses and for affording accommodation to the Co-operative Societies either established at Kalna or affiliated to the Society, as is hereinbefore mentioned and without the sanction in writing of the said Government of Bengal first had and obtained for no other purpose whatsoever.

5. The said office buildings and outhouses shall be completed and fully equipped in all respects ready for use within two years from the date on which the possession of the said land shall have been given to the Society.

6. Should the said office buildings and outhouses be not completed and fully equipped in all respects ready for use within the period stated in the last preceding clause or within such further period as in its discretion may be prescribed or allowed by the said Government of Bengal or should the said land at any time thereafter cease for a period of twelve consecutive months to be held and used or cease to be required for the purpose or purposes provided for in the foregoing fourth clause, then and in any such case, the said Government may summarily re-enter upon and take possession of the said land together with all buildings thereon, whether such buildings were erected before or after transfer of the land to the Society, and thereupon the interest of the Society in the said land and buildings shall absolutely cease and determine.

7. On taking such possession the said Government may sell or otherwise deal with the said land and buildings as it may think proper.

(i) Should the said Government sell the land with the buildings the said Government after deducting the expenses incurred in connection with the said taking of possession and with such sale shall pay the proceeds to the Society.

(ii) Should the said Government decide not to sell the land and buildings, the said Government shall retain the said land and buildings thereon, in which case the Secretary of State shall repay to the Society the market value as on the day of re-entry of all the buildings erected by the Society and all sums received from the Society in respect of all and every compensation as provided in the foregoing first clause (less the statutory allowance of 15 per cent. and less any amount received on account of trees

*Not printed, but may be inspected in the office of the Subdivisional Officer, Kalna, district Burdwan.

and buildings which are not in existence at the time of resumption), but will not repay any sum paid and received on account of costs, charges and expenses.

(iii) Should the said Government decide to sell the buildings only, upon such sale the Secretary of State, after deducting the expenses of taking possession and selling, pay the balance of the proceeds of sale to the Society, together with the sum received from the Society in respect of the compensation for the land (less the statutory allowance of 15 per cent. and less any amount received from the Society on account of trees and buildings which are not in existence at the time of resumption), but will not repay any sum paid and received on account of costs, charges and expenses.

8. The public shall be entitled to use the said land and buildings subject to the laws and rules governing co-operative societies and to the by-laws of the Society.

9. Should any dispute or difference arise touching or concerning the subject matter of this agreement or any covenant, clause or thing herein contained, the same shall be referred to the said Government of Bengal and the opinion and decision of the said Government upon such dispute or difference shall be final and conclusive and binding on the parties hereto.

In witness whereof (1) Dinabandhu Bose, Secretary and Director, (2) Purna Chandra Dutta, Deputy Chairman and Director, (3) Nirmalpada Chattopadhyaya, Director on behalf of the Kalna Central Co-operative Bank, Ltd., and the Secretary of State for India in Council, have hereunto set their hands and seal this day and year first above written.

No. 10I.—22nd July 1930.—In exercise of the power conferred by section 3 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council is pleased to authorise the district board of Bakarganj to clear and deepen the Roypasa-Bheduria khal as specified in Bengal Government Notification No. 9I., dated the 22nd July 1930, and to do all acts necessary for the maintenance of the channel as a navigable channel.

No. 11I.—22nd July 1930. In exercise of the power conferred by section 13 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council is pleased to appoint the Chairman of the district board of Bakarganj to be *ex-officio* supervisor of the navigable channel (about 5 miles long) known as Roypasa-Bheduria khal in the district of Bakarganj which has been declared under section 2 of the said Act in Bengal Government notification No. 9I., dated the 22nd July 1930.

No. 12I.—22nd July 1930.—The following draft of rules and schedule of rates of tolls, which, in exercise of the power conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make for the Roypasa-Bheduria khal, commonly called the Roypasa

khal, joining Kalijira river at the north, Karapur Bagadi in the west and Nathullabad khal leading to Barisal at Dephulia and Haripasa in the east, in the district of Bakarganj, is hereby published for the information of persons likely to be affected thereby.

11. The draft will be taken into consideration on or after the 12th September 1930, and any objections or suggestions received by the undersigned before that date will be considered:—

Draft rules and schedules of rates of tolls.

1. Every vessel on entering the channel and before passing the gate at either end or even when entering the channel from a side khal between the gates shall be liable to measurement for the purpose of ascertaining the tolls payable; in case of any reasonable doubt arising, a vessel may be measured again by any person appointed by the District Board of Bakarganj on this behalf.

2. Vessels for the purpose of the determination of maundage shall be divided into two classes as below:—

Class I.—To include all vessels of the types of country boats, including saltees and hapors (fish cages), house boats, kosh boats, green boats, etc.

Class II. To include steam boats, motor boats, flats and barges and other square-built vessels.

3. The maundage of every vessel, whether laden or empty, shall, for the purpose of Act V (B. C.) of 1864 and of these rules, be determined by the following measurements:—

CLASS I.

A. The product of one quarter the length of the vessel from stem to stern measured along the water-line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B. The measurement of the length is to be made in feet, rejecting inches, the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C. The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of $12\frac{1}{2}$ maunds, any remainder of less than $12\frac{1}{2}$ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds.

D. **Saltees.**—The product of one quarter of the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

CLASS II.

For vessels of class II the number of maunds obtained by the system of measurement prescribed for vessels of class I shall be increased by one-half. For vessels of this class above 5,000 maunds measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds. In the case of steamers and motor boats the maundage determined as above shall be reduced by one-third as an allowance of engine space.

For vessels of class II which are furnished with reliable way bills, the gross maundage of cargo shown by the way bills or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which tolls will be charged.

4. After the measurement the person in charge of the vessel shall be provided with a slip showing the maundage to be charged, which must be presented at the toll office where he will be provided with a ticket, after payment of toll, which will permit the vessel to pass the gate or proceed through the channel.

5. Every ticket shall have entered on it the name of the sarang, manjee or other person in charge of the vessel, the date of entry, the maundage, the cargo, the amount of toll charged and the number of days for which the ticket remains current.

6. All tolls are payable on demand and shall be paid at the toll office before a vessel is permitted to proceed.

7. The ticket must be kept on board the vessel and in possession of the person in charge of the vessel and must be produced for inspection when demanded by the person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rules 3 and 12 and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of section 9 of the Act.

8. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a fee equal to one quarter of the total tollage, subject to a minimum fee of one anna per ticket.

9. All vessels, whether the property of Government, District Board, other local bodies or of private persons, are liable for toll except those specially exempted under these rules or by a resolution passed by the District Board of Bakarganj from time to time.

10. The canal may be closed once a year for effecting the necessary repairs to it on seven days' notice of the intention so to close it being given; but in the event of any sudden emergency the canal may be closed at any time without prior notice, and no claim in such case by owners of vessels or others for compensation on account of detention shall be entertained.

11. No rafts exceeding 50 feet in length and 5 feet in breadth shall be permitted to enter the canals.

12. The rates of toll shall be as follows:—

- (1) On all vessels empty or laden, per hundred maunds—Twelve annas.
- (2) On all vessels empty or laden, for 12½ maunds or less—One anna six pies.
- (3) On rafts of bamboos, grass, timber, etc., not exceeding 50 feet in length and 5 feet in breadth—Six annas each raft.

Tolls will be levied at Dephulia, near Baniakati bridge.

13. For boats frequently using the canal, such as boats carrying passengers, grass or perishable articles monthly tickets will be issued at 10 times the ordinary toll.

14. Every vessel which has paid toll shall be allowed to remain in the canal for three days inclusive of the days of entry into and leaving the canal. A vessel remaining in any part of the canal longer than three days shall be charged demurrage equal to one-half of the toll for each day in excess of three days. No vessel shall be permitted to remain in the canal for more than one month. Provided that this rule shall not apply to vessels holding monthly tickets under rule 13 above, which may remain in the canal for more than three days without payment of demurrage but not for more than one month at a time.

15. No vessel carrying exclusively police officers or servants, soldiers and officers of the British Army, post mail runners, officers of the Irrigation Department on duty, officers and servants of the toll office for the canal referred to in these rules while on duty, or the vessels of such other persons as may be exempted by a resolution of the District Board of Bakarganj, shall be liable for toll in the canal.

16. Any matter relating to the mode of collection of tolls and other relevant points, not provided for in these rules, shall be decided by the District Board of Bakarganj at a meeting, and shall be subject to the approval of the local Government.

Educational Notices.

Dacca Division.

Rules for the admission of private candidates to the University Matriculation Examination, 1931.

Dacca, the 16th July 1930.

1. A student who has not attended any school, recognized or unrecognized, for at least one year previous to the examination, will be treated as a private candidate. Teachers of schools are also considered as private candidates.

2. Private candidates who desire to sit for the ensuing University Matriculation Examination must appear at the Test Examination of any one of the undermentioned schools, to be held on the 1st December 1930 and the following days:—

- (1) Dacca Collegiate School.
- (2) Mymensingh Zilla School.
- (3) Faridpur Zilla School.
- (4) Barisal Zilla School.
- (5) Jamalpur Government High School.
- (6) Bhola Government High School.
- (7) Jhalakati Government High School.
- (8) Pirozpur Government High School.

3. Every private candidate must submit his application for admission to the Test Examination on or before the 1st November

1930, to the Inspector of Schools, Dacca Division. He must produce a certificaté from a responsible Government officer to the effect (1) that he has not attended any school, recognized or unrecognized, for at least one year previous to the examination, (2) that his conduct and character have been good, (3) that he has diligently and regularly prosecuted his studies, and (4) that he has been subject to proper discipline.

A student, who failed to pass the annual examination for promotion to class X at the end of the session 1929 and then left the school, will not be allowed to sit at the examination.

4. Every private candidate must also forward with his application his transfer certificate from the school (if any) in which he last read, or the Registrar's receipt (if he appeared at any previous Matriculation Examination), or a certificate from a respectable person with personal knowledge of the facts of the case that he has never been to any school.

5. No one will be admitted to the Test Examination unless he has produced satisfactory evidence that he will have completed the age of fifteen years on the 1st day of March 1931. For the purpose of this rule the age as recorded in a transfer certificate from a recognized school or in the Registrar's receipt (in the case of those who appeared at any previous Matriculation Examination) will be accepted. Those who have never read in any school must produce either their horoscope or an affidavit sworn by their parents or guardians before a competent Magistrate declaring their age.

6. Every private candidate shall state in his application his name, father's name, date of birth, residence, postal address, thana and district, and the following particulars:—

(1) Whether he appeared at the Matriculation Examination in any previous year.

(2) Language in which (besides English) he is to be examined.

(3) Vernacular language for composition.

(4) Vernacular language from which translation is to be made into English in the first English paper.

(5) Which of the following subjects taken up:—

(a) Additional Mathematics.

(b) Additional paper in classical language.

(c) History.

(d) Geography.

(e) Elementary Mechanics.

7. Every private candidate must pay a fee of Rs. 6 which should be remitted to the Inspector of Schools, Dacca Division, along with the application for admission to the Test Examination, on or before the prescribed date, after which a fine of Rs. 2 will have to be paid for each week's delay. The candidate will be given a receipt for fees. If the candidate be considered eligible for admission to the Test Examination a letter of permission will be issued. This should be shown to the Headmaster on the first day of examination. In no circumstances will this fee be refunded.

8. On the first date of examination, he must be accompanied, for the purpose of identification, by some person known to the officer conducting the examination, otherwise he will not be admitted to the Test Examination.

9. The Headmasters of the schools named above should send to this office, for orders, a statement, in duplicate, showing the marks gained by each private candidate in each subject at the Test Examination, *within a fortnight from the date of the said examination*. The application forms of candidates who are declared eligible should be forwarded to this office for countersignature, duly filled in and signed.

10. Private candidates should arrange to remit their examination fees, together with the countersigned application forms, direct to the Controller of Examinations, Calcutta University, so as to reach him on or before the date fixed by the University.

11. The Matriculation Examination for 1931 will be held on the 1st March and the following days, or any other subsequent date declared by the University.

Intermediate and B.A. Examination, 1931.

Bona fide teachers of recognised English schools and inspecting officers of the Education Department, who have been employed as such continuously for at least three academical years (32 calendar months) immediately preceding the dates of examinations, will be admitted to the I.A. and B.A. Examinations of the Calcutta University as non-collegiate students, provided they have obtained special permission of the Senate.

Demonstrators, Laboratory Assistants and Librarians of affiliated Colleges are regarded as teachers.

2. Candidates who have obtained special permission of the Senate must submit their applications to this office for countersignature not later than the 3rd January 1931.

3. Candidates should carefully read the printed form of application and supply all the necessary information.

4. The following documents in original must accompany the application:—

(a) The letter from the Senate of the Calcutta University permitting the candidate to appear at the ensuing examination.

(b) The University certificate to show that the candidate has passed the next preceding examination.

(c) Registrar's receipt in the case of those who were admitted to the same examination in a previous year.

(d) Registrar's receipt to show that the candidate's name has been registered as a "University student." If his name has not already been registered, he should produce a Post Office receipt showing that the required fee of Rs. 2 has been remitted to the University to get his name registered.

(e) A certificate from the Secretary in the case of teachers, and from the immediate superiors in the case of others, showing (i) that he has been serving as such continuously for three academical years (32 calendar months), (ii) that he has been diligently and regularly prosecuting his studies, and (iii) that his character and conduct have been good.

5. The dates of I.A. and B.A. Examinations, 1931, will be notified in the *Calcutta Gazette* in due course.

6. Applications with the countersignature of the undersigned, together with the fees for the above examinations, must reach the office of the Controller of Examinations, Calcutta University, on or before the dates to be fixed by the University and must be sent to that office by the candidate himself direct.

M. M. BAKSHI,

Inspector of Schools, Dacca Division (offg.).

Chittagong Division.

Chittagong, the 19th July 1930.

Rules for the guidance of private candidates for the Matriculation Examination of 1931.

The following rules for the guidance of private candidates for the Matriculation Examination are published for general information.

2. Private students are those who have not attended any recognised or unrecognised school for at least one year previous to the examination. The term "private students" includes *bona-fide* school-masters.

3. Private students must appear at the Test Examination of one of the following institutions on the dates mentioned below:—

Comilla Zilla School, Noakhali R. K. Zilla School, Chittagong Collegiate School and Rangamati High English School.

Date of examination—1st, 2nd 3rd, 4th and 5th December 1930.

Female candidates are not required to undergo any Test Examination.

Each private student will pay a fee of Rs. 5 to the head of the institution in which he appears for the Test Examination. No private student will be admitted to the Test Examination unless he is accompanied for the purpose of identification by some persons known to the headmaster of the institution in which he appears.

4. Application for permission to appear at the Test Examination must be sent in time so as to reach this office not later than the 10th November 1930. The information to be given and the documents to be appended, in original, are the following:—

(a) Name of the school in which the candidate last studied.

(b) Transfer certificate, in original, granted to the candidate by the headmaster of the school in which he last studied; or

(c) In the case of a candidate who previously appeared at the Matriculation Examination, Controller's receipt, in original, for the fee paid.

(d) Age of the candidate. No candidate, who will not have completed the age of 15 years on the first day of the Matriculation Examination, will be allowed to appear at it.

(e) In the case of school-masters, a certificate of good conduct from the secretary of the school in which he is serving or from the Inspector of the district or subdivision concerned.

(f) A certificate from a respectable gentleman to the effect that the candidate has prosecuted a regular course of study and has been subject to proper discipline and that he has not read in any school since the last Matriculation Examination.

(g) A statement by the candidate giving the following facts:—

(i) Residence.

(ii) Father's name.

(iii) Second language besides English.

(iv) Vernacular language for composition.

(v) Vernacular language from which translation is to be made into English in the first English paper.

(vi) Which of the following subjects he has taken up:—

(1) Additional mathematics.

(2) Additional paper in the classical language.

(3) History.

(4) Geography.

(5) Elementary mechanics.

(vii) The name of the school at the Test Examination of which the candidate wishes to appear must be stated. Candidates of the plains districts will not be allowed to appear at the Test Examination of the Rangamati High English School.

N.B.—A student who failed to pass or appear at the annual examination for promotion to class X at the end of the session 1929 and then left the school can, under no circumstances, be allowed to appear at the Test Examination.

5. The Inspector on being satisfied will countersign and return the application, which will then be the candidate's passport for admission to the Test Examination.

6. Every candidate must deposit his fee for the Test Examination with the headmaster of the institution in which he intends to appear, at least 15 days before the date of that examination. The headmaster will deposit the amount realized by him into the local Treasury and forward a copy of the Treasury chalan to this office. He should also submit to this office an account of the charges incurred by him (including remuneration to examiners) for conducting the examination of private candidates, together with vouchers in support of the charges, on receipt of which the Director of Public Instruction will be moved to sanction the expenditure.

7. The headmasters of the institutions named in paragraph 3 above should direct private students who satisfy the test to appear before them in due time, with their applications for admission to the Matriculation Examination, and to sign them in their presence. They will then grant the necessary certificate and forward the applications to the Inspector for countersignature, after which they will be sent by the Inspector direct to the candidates.

8. In no circumstances should the fee for the Matriculation Examination be sent to the Inspector's office. It should be sent to the Controller of Examinations, Calcutta University, by the candidates themselves, together with the countersigned applications.

9. Private students must understand that the Test Examination of any school other than those named above will not be accepted by the Inspector.

10. The Matriculation Examination will be held in March 1931, the exact dates of which will be notified by the University.

11. Applications and fees for admission to the Matriculation Examination must reach the office of the Controller of Examinations on or before the date to be fixed by the University.

Conditions of sale.

1. The Divisional Forest Officer is not bound to accept the highest or any offer for any lot. The sale of any lot, the value of which exceeds Rs. 2,000 shall not be complete until confirmed by the Conservator of Forests.

2. Successful bidders shall immediately deposit as earnest money $\frac{1}{10}$ th of the total bid in currency notes which will be returned if the sale is not confirmed, and will be retained as security deposit if the same is confirmed.

3. Purchasers will be required to sign agreements in printed forms for outright sales. Copy of this form may be seen at the Divisional Forest Office, Cox's Bazar or Chittagong, and at the Range Offices.

4. The following are among the conditions of the agreements for all lots of the sale :—

(1) Felling and extraction to be completed by 30th April 1931.

(2) The purchase money to be paid in four instalments as follows :—

	Per cent.	Per cent.
1st instalment, 1st November 1930	..	10
2nd instalment, 1st December 1930	..	40
3rd instalment, 1st January 1931	..	40
4th instalment, 1st February 1931	..	10
		100

5. Failure to sign the agreement within one month of confirmation of sale will render the purchasers liable to forfeiture of the security deposit.

The lot or lots so affected shall be resold by public auction or otherwise as the Divisional Forest Officer may think fit, and the defaulting purchaser shall be liable to make good any shortage on such resale.

6. If a tree shown as "sound" in the sale notice is found on felling to be "unsound" the Divisional Forest Officer may at his discretion order a refund of a proportionate amount on the unsound portion of the tree.

7. "D" class poles used for saw-benches will not be charged for unless removed. They must, however, be marked by a Forest Officer before felling and if removed will be charged for at schedule rates.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

Declaration.

WHEREAS a Government Promissory Note No. 027912 of the 5 per cent. Loan, 1945-55, for Rs. 1,000 against which a stop was recorded by one Ganesh Janani Dassi has been presented by the Imperial Chemical Industries (India), Ltd., for recognition of their title on the strength of the orders passed by the Chief Presidency Magistrate, Calcutta, on the 25th April 1930 in the case *Emperor vs. Panchanan Banerjee*, and whereas the same note has been claimed by the said Ganesh Janani Dassi as the holder in due course and the last recipient of interest on the note which remained in her custody till it was seized by the Police on the strength of a search warrant, I, the Controller of the Currency, do hereby declare under section 13(I) (c) of the Indian Securities Act (X of 1920) that, after due inquiry, I am of opinion that the said Ganesh Janani Dassi is entitled to the above security and that it will be renewed in her favour unless within three months from the date of this declaration a notice is received by me to the effect that proceedings have been instituted by any person or body corporate in a Court of competent jurisdiction for the purpose of establishing a title to the note.

NOTIFICATION.

No. 8238A.—7th July 1930.—Whereas the validity of the election of Babu Satish Chandra Ray Chaudhuri by the Mymensingh East (Non-Muhammadan) Constituency as a member of the Bengal Legislative Council has been brought in question by an election petition duly presented by Maharaja Shashi Kanta Acharyya Chaudhuri, of Muktagacha, Mymensingh, under the provisions of Part VII of the Bengal Electoral Rules;

And whereas in accordance with the provisions of rule 45 of the said Electoral Rules the Commissioners appointed for the trial of the said petition have duly submitted their report to the Governor;

Now, therefore, in pursuance of sub-rule (3) of rule 45 of the Bengal Electoral Rules and in accordance with the report of the Commissioners the Governor is pleased hereby—

(1) to declare that the said petition shall be dismissed,

(2) to direct that the said petitioner shall pay to the respondent Babu Satish Chandra Ray Chaudhuri the sum of Rs. 150 as costs and to Rai Sarada Charan Ghosh Bahadur, Government Pleader, Mymensingh, acting under the instructions of the Advocate-General, Bengal, the sum of Rs. 30 as costs,

(3) to direct that the respondent Babu Satish Chandra Ray Chaudhuri shall pay to the petitioner the sum of Rs. 50 on account of issue No. 1 in the case, and

(4) to publish the said report.

W. S. HOPKINS,

Chief Secy. to the Govt. of Bengal.

Report.

In the Court of the Commissioners appointed under rule 36 (2) (a) of the Bengal Electoral Rules.

In the matter of the election petition of Maharaja Shashi Kanta Acharyya Chaudhuri, petitioner,

versus

(1) Satish Chandra Ray Chaudhuri, (2) Rai Bahadur Umesh Chandra Chakladar and (3) Padmini Mohan Neogy, respondents.

Present:

A. G. R. Henderson, Esq., I.C.S., President.
Diwan Bahadur Sarada Prosad Sen, Commissioner.

Babu Ashutosh Ghosh, Commissioner.

This petition has been filed by the Maharaja Shashi Kanta Acharyya Chaudhuri of Mymensingh. His nomination papers were rejected by the Returning Officer at the scrutiny. The only other candidate was the contesting respondent No. 1 Babu Satish Chandra Ray Chaudhuri who was declared to be duly elected.

At the framing of issues the question was raised whether before the petitioner signed the nomination paper there was a discussion, in the course of which certain gentlemen requested him to stand for the Mymensingh East Non-Muhammadan constituency, and he agreed to this proposal. At the time we entertained

some doubt as to the relevancy of this, and decided that special costs would be placed upon this issue. The case of the petitioner is that there was such a conversation: on the other hand, the contesting respondent maintains that the story was subsequently concocted for the purpose of this case. The learned Advocate who appeared for the respondent has failed to satisfy us that it makes the slightest difference whether such a conversation took place or not.

Provided that the nomination paper was properly filled in and filed, it does not matter whether there was a previous conversation between the candidate and some of his supporters, in the course of which he was asked to stand for the constituency. The question of fact raised in this issue is therefore quite irrelevant and we leave it undecided.

The case turns upon the question whether the Returning Officer acted correctly in rejecting the nomination papers filed on behalf of the petitioner. In this connection we wish to refer to the provisions of rule 11 (3) of the Bengal Electoral Rules, 1926. Before the Returning Officer can find that a candidate is qualified to stand for election he must have presented to him a nomination paper completed in the form prescribed in schedule III. There must be a duly qualified proposer and seconder and the nomination must be for a definite constituency. In the second place, there must be a declaration subscribed by the candidate himself assenting to the nomination.

In the present case two nomination papers were filed (Exhibit 2 and Exhibit 7). We can dispose of the latter in a few words. The declaration was not subscribed by the candidate himself but by his Ammuktair Babu Sasanka Mohan Ghosh. The validity of this in no way depends upon whether it was done at the suggestion of the petitioner's legal advisers because they entertained doubts as to the validity of Exhibit 2. In our opinion this declaration must be subscribed by the candidate himself, and we are not prepared to accept the contention of the petitioner that this can be done by an agent.

The Returning Officer rejected the nomination paper (Exhibit 2) on the ground that it was signed by the candidate before there was an actual vacancy. This ground was supported before us on behalf of the respondent, but not by the learned Government Pleader who appeared on behalf of the Advocate-General. The rules provide a date after which a nomination paper cannot be filed, but they do not provide any date before which it cannot be completed. If there were such a date it would lead to difficulties. The learned Advocate who appeared for the respondent had great difficulty in deciding whether he would select the date on which the vacancy occurred or the date of the notification as the one before which no nomination paper could be filled in: there is really no logical reason for selecting either of them. On the whole we are of opinion that there is nothing to prevent a nomination paper from being filled up before the existence of a vacancy, and we think that this was the view taken by the Commissioners who heard the election petition of Rai Prasanna Kumar Das Gupta Bahadur *vs.* Mr. C. R. Das. See *Hammond Indian Election Petitions, 1925, Volume II, page 185.*

In dealing with this point we must emphasise again that it is necessary for the candidate to subscribe a declaration that he accepts the nomination, and in the present case we are not satisfied that this was done. The petitioner signed his name on Exhibit 2, which was otherwise blank, before leaving for Europe. The name of the constituency was not filled in and the nomination paper might have been used for any constituency in the province. It is impossible to infer from a mere signature on a blank paper that he accepted the proposal to stand for this constituency. That he did not do so is apparent from the fact that his friends thought it necessary to cable to him on the subject. If, in fact, there had been any definite acceptance, it would not have been necessary to send any cable at all. Apart from this the only evidence to show that the nomination was accepted consists of a cable sent by the petitioner (Exhibit 5), which is in these terms "Prefer East. Consult friends. Else Dacca." Whatever this may mean exactly, it certainly does not mean that the nomination for this constituency was accepted: there was still a doubt in the mind of the petitioner and he thought consultation amongst his friends advisable. We have no evidence to show that as a result of this consultation the matter was put before him again and that he accepted the nomination. The person in the best position to prove this acceptance would undoubtedly be the petitioner himself and he has not come forward to give any evidence. We, therefore, find it quite impossible to hold that he ever agreed to the nomination (Exhibit 2). As we are not satisfied that he agreed to the nomination we are of opinion that the paper was properly rejected.

This is sufficient to dispose of the case and it is not necessary to enter into the other questions raised. In our opinion, Babu Satish Chandra Ray Chaudhuri was duly elected and the petition should be dismissed.

With regard to costs the petitioner, having failed, should pay costs to the contesting respondent: the contesting respondent should pay the petitioner costs on account of the issue which was improperly raised. The petition raised an important question of law and we required the assistance of the learned Government Pleader acting under the instructions of the Advocate-General. We derived material assistance from his argument and we consider that the petitioner should pay his costs.

We note our detailed recommendation as to costs—

To be paid by the petitioner to the respondent Babu Satish Chandra Ray Chaudhuri a consolidated sum of Rs. 150 for the whole case.

To be paid by Babu Satish Chandra Ray Chaudhuri to the petitioner on account of issue No. 1 Rs. 50.

To be paid by the petitioner to Rai Sarada Charan Ghosh Bahadur, acting under the instructions of the Advocate-General, Rs. 300.

CALCUTTA, THE 8TH JULY 1930.

RESOLUTION—No. 3395 Com.

The Government of Bengal have had under consideration certain practical difficulties that have arisen in connection with the grant of licenses to supply electricity under the Indian Electricity Act, 1910, and the subsequent successful working of the licensed undertakings. Having in view the interests of the public as well as those of the applicants themselves, Government have decided *inter alia* that in future no application for a license will be proceeded with until the applicant has been able to satisfy Government regarding (a) his ability either to provide or obtain adequate finance on terms which will not militate against the successful running of the undertaking, (b) his ability to evolve a practicable scheme and put it into operation under competent technical supervision, and (c) his intention to maintain a substantial interest in the undertaking after it has been started.

These conditions will not preclude the conversion of an undertaking into a limited liability company, but the Memorandum and Articles of Association of any such proposed company will be subject to scrutiny by Government before the transfer of a license to a company is sanctioned.

Intending applicants are accordingly advised to approach Government in the first instance with satisfactory evidence of financial stability or prospects before incurring the expense of preparing a draft license and publishing it, or preparing a detailed scheme.

ORDER.—Ordered that this resolution be published in the *Calcutta Gazette* and that copies be supplied to the Press.

By order of the Governor in Council,

E. N. BLANDY,

Secy. to the Govt. of Bengal.

IRRIGATION DEPARTMENT.

NOTIFICATIONS.

[Third publication.]

No. 5T.I.—2nd June 1930.—In exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, the Governor in Council proposes to pass the following rules and fix the undermentioned rates to be charged for water supplied from the Bakreswar Canal in the Birbhum district.

2. Notification No. 2-I., dated the 1st April 1930, on the subject published in the *Calcutta Gazette* in its issue of the 17th April 1930, and three successive issues, is hereby cancelled:—

Leases for a term of years.

1. The country served by the canals shall be mapped out into blocks of convenient size in accordance with the features of the ground, natural or artificial. So far as may be practicable, the blocks shall be separated by drainage lines. This shall be done by the Subdivisional Canal Officer under the guidance and control of the Divisional Canal Officer.

2. Each block determined as above shall be numbered and recorded with its gross and irrigable areas in registers to be maintained by the Subdivisional Canal Officer. The blocks shall also be marked on maps to be maintained by the same officer.

3. Leases for not more than seven years may be granted for the whole irrigable area of a block or for definite parts of a block under the following conditions:—

I. Ordinarily the whole irrigable area of any village so far as situated within the block must be included in the lease. If the lands of a village within the block are divisible into two or more distinct parts which can be irrigated independently, a separate lease may be granted for each part.

II. All leases within one block shall be so granted that they may expire on the same date.

III. No lease shall be granted when the supply of water must of necessity be delivered across an unleased area, unless a channel exists, which in the opinion of the Subdivisional Canal Officer, will deliver water without waste across the unleased area.

4. The Superintending Engineer shall fix from time to time the gross area for which and the limits of the canal within which, leases for a term of years may be granted.

5. Maps of all villages in which lands have been brought under lease for a term of years, or in which there is any probability of such leases being taken, shall be kept in the Subdivisional Canal Office. These maps to be at scale 32" = 1 mile when such are available, and elsewhere at scale 16" = 1 mile.

6. The preliminary application for a lease for a term of years, either new or renewal, may be of an informal nature, but it must be in writing. It may be presented and shall be received either at the Subdivisional or Sectional Canal Office; in the latter case the Sectional Officer shall forward it immediately to the Subdivisional Canal Officer. The Subdivisional Canal Officer as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land

in question constitutes a definite block or a definite part of a block, and that it can be irrigated, shall at once inform the Divisional Canal Officer giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. The lands to be brought under lease shall be indicated on a copy of the map alluded to in rule 5.

7. On receipt of such approval the Subdivisional Canal Officer shall depute an amin to prepare the *khassra* or detailed assessment paper. This shall be done on the ground with the aid of the revenue survey map and *khassra*. Should the survey map and *khassra* not be available, the amin shall make a sketch map, and shall measure the areas of the holdings with a chain or measuring-rod.

8. When the amin has completed the *khassra*, the Subdivisional Canal Officer shall forward it to the Divisional Canal Officer for approval.

9. As soon as the *khassra* has been approved by the Divisional Canal Officer, he shall return it to the Subdivisional Canal Officer endorsed with his signature in token of approval.

The Subdivisional Canal Officer shall then prepare a *khatian* or abstract of the *khassra*, and shall have the form of application, given as Appendix No. I to these rules, filled up and signed or marked by each of the applicants, in the presence of two witnesses.

When the application has been completely signed, the Subdivisional Canal Officer shall send it to the Divisional Canal Officer, by whom the permit or formal approval of the lease shall be signed and issued in the form given as Appendix No. III to these rules. The permit shall be made over to the representative of the cultivators by the Subdivisional Canal Officer by means of his Sectional Officer.

10. Should it happen that the cultivators of the block proposed for lease are not unanimous, and that certain of them decline to sign the application, the Subdivisional Canal Officer shall report the matter to the Divisional Canal Officer and shall hold a local enquiry, recording the statements of the persons who decline to sign and recording his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide whether the lease may be accepted excluding the fields in the occupation of the persons who decline to sign, or whether the lease shall be declined. The Divisional Canal Officer is authorised to grant a lease when not less than 95 per cent. of the net irrigable area of the block has been signed for. In particular cases should it be desirable to grant a lease even though an area larger than 5 per cent. of the block has not been signed for, this may be done on the written order of the Superintending Engineer. The reasons for granting the lease shall be fully recorded.

Covering Leases.

11. Applicants for a lease for a term of years who may require water before the lease has been concluded can obtain a supply on tendering an application for a covering lease in the form given as Appendix No. II to these rules. This application must be signed in the presence of the tahsildar or of some other responsible officer nominated for the purpose by

the Subdivisional Canal Officer. The signatures should be those of the leading cultivators in the block in question and they should represent holders of not less than 75 per cent. of the irrigable land within the block.

As soon as the Subdivisional Canal Officer receives the application duly signed, he shall issue a permit in the form given as Appendix No. IV to these rules, and shall at once supply water.

Season Leases.

12. Applications for water to irrigate spring rice or other crops between the 16th November and 15th June, may be presented at the Subdivisional Canal Office or to the Sectional Officer. They must be in the form given as Appendix No. V to these rules.

In the applications the areas for which water is required must be specified but the rate will be charged on those areas for which water is actually used as determined by measurement.

The permit in the form given as Appendix No. VI to these rules will be granted by the Subdivisional Canal Officer if he is able to supply the water.

Supply of water.

13. The Divisional Canal Officer shall control the supply of water throughout the Division in his charge.

14. No water shall be supplied to any lands except such as have been brought under a lease for a term of years or for the season, or to such as are provided for by a covering lease.

15. Under the forms of irrigation lease in use, no specific supply of water is promised; but the undertaking is to give such a supply to each lessee as may be necessary for the lands leased. The supply shall be given, as may be required for the proper cultivation of the crops under irrigation, according to the exigencies of the season.

16. The Divisional Canal Officer is empowered to give the required supply by rotation should this be advisable for the efficient working of the canals in his charge. In such a case, he is required to give the lessees written notice informing them of the periods when they will be supplied with water.

Collection of water-rates.

17. The rates due for water supplied shall be collected by the Subdivisional Canal Officer through his staff of tahsildars and peons. All *khatians* or demand statements shall be signed by the Subdivisional Canal Officer after scrutiny in his office.

18. At the time of preparation of the *khatian* in the Subdivisional Canal Officer's office, each person assessed shall be furnished with an extract from the assessment paper, showing the particulars of the charge against him. This extract shall be furnished in such form as may from time to time be approved for the purpose.

19. Each person on paying the sum due from him shall be given a receipt in the form prescribed for the purpose.

20. In regard to any proceedings taken under the Public Demands Recovery Act the Divisional Canal Officer is subject to the control of the Collector of the district.

Unauthorized use of water and waste of water.

21. Should it be necessary to take action under the provisions of sections 79 and 80 of the Act, proceedings shall be instituted only under the direct and special order of the Divisional Canal Officer. The primary record of the facts regarding the unauthorized use or the waste of water shall be made by the Subdivisional Canal Officer and his subordinates. The parties whom it is proposed to assess shall be informed in writing, and shall be called on to show cause why they should not be assessed. The record of their statements shall be made by the Divisional or by the Subdivisional Canal Officer. The Divisional Canal Officer shall consider the facts and statements recorded, and shall in deciding the case give his reasons for or against assessment, both as regards the facts and as regards the law; and he shall determine the rate to be charged, subject to the provision in the schedule of rates attached to these rules.

22. Should the Divisional Canal Officer decide on making an assessment, he shall have the assessment papers prepared by the Subdivisional Canal Officer and his staff. Each person assessed shall be furnished with a statement of the charge against him, and an abstract of the demand or *khatian* shall be sent to the Subdivisional Canal Officer, who shall proceed to recover the sums assessed. The period of one month within which an appeal may be presented to the Collector under section 91 of the Act shall count from the date on which the statement of the charge is furnished to the person assessed, which date shall be endorsed on it.

23. No proceedings shall be instituted if the unauthorized use or the waste of water have occurred through the act or neglect of a Canal Officer or subordinate employed on the canal. During the irrigation of autumn rice, the passing on of surplus water from leased to unleased fields is not an unauthorized use of water.

Complaints and Applications.

24. All complaints or applications with respect to the supply of water, to defective drainage, and generally with respect to the administration of the canal, shall be received on presentation at either Divisional or Subdivisional Canal Offices.

Complaints and applications received by a Divisional Canal Officer may be transferred to his Subdivisional Canal Officers for disposal at his discretion.

25. Complaints or applications with respect to corrections of the assessment, with respect to the actions of the amins in assessing, and with respect to the actions of the tahsildars and other staff employed in collections, shall be received at the office of the Divisional Canal Officer.

26. Receipts in the prescribed form shall be given at all offices for complaints or applications presented. The receipt of all complaints and applications shall be recorded in registers to be kept for that purpose.

27. The officer receiving the complaint or application shall either make a personal enquiry into the matter or he shall nominate in writing some responsible person to hold the enquiry.

28. The orders passed on all complaints or applications shall be in writing and a copy of every order shall be furnished to the complainant or applicant.

The copy of order may be sent by post (registered), if this is convenient.

The period within which an appeal may be presented under section 91 of the Act shall be reckoned from the date on which the copy of the order is received by the person.

29. When an appeal to the Collector is from the order of a Subdivisional Canal Officer, the proceedings shall be called for through the Divisional Canal Officer, who may record on them such remarks as he may think desirable, provided that he does not thereby detain the proceedings.

In all cases in which an appeal against an assessment is preferred to the Collector, that officer may, if he thinks fit, direct that the collection of water-rates be suspended till the appeal is heard.

30. The Divisional Canal Officer is empowered to revise the proceedings of his Subdivisional Canal Officers, and the Superintending Engineer is empowered to call for and to revise the proceedings of all officers under his control.

Remissions and Alterations of Demand.

31. Whenever the crop on land entitled to a supply of water suffers material injury from an insufficient supply of water, or from any interruption in the supply of water, remission of the rate due on such crop shall be given in whole or in part by the Divisional Canal Officer, provided that the person claiming remission shall have applied for such not less than 15 days before the reaping of the crop.

32. On the occasion of lands being brought under a lease for a term of years, the Divisional Canal Officer is empowered to remit the rates for the first season on those fields which from the nature of the cultivation then obtaining, or from other causes, have not, in that season, derived any benefit from the supply of canal water.

33. Should the crop on lands under lease for a term of years suffer material injury from excess of water due to deficient drainage the Divisional Canal Officer may grant remission of the rates due on such lands in whole or in part, provided that the person asking for remission shall have applied at least 15 days before the reaping of the crop.

34. Revisions of the assessment required in consequence of land under lease being left uncultivated or of land being appropriated for purposes other than cultivation shall be made under the orders of the Divisional Canal Officer.

35. Revisions of the assessment required in consequence of incorrect entries of the names of occupants of lands under lease or of incorrect entries of areas or amounts in the assessment papers, or required by changes in the occupation of lands shall be made under the orders of the Divisional Canal Officer.

36. Remissions of water-rates on account of injury to the crops caused by inundation, by blight, by storms or by any extraordinary cause will only be allowed under the special orders of the Local Government.

Irrecoverable Demands.

37. The Superintending Engineer is empowered to sanction the write-off of those demands which are reported, after due enquiry by the Divisional Canal Officer, as irrecoverable owing to the poverty of the defaulter or of his successors in case of his death, or owing to the defaulter having absconded.

Cultivators' Representatives.

38. Whenever the preliminary application for a lease for a term of years has been approved by the Divisional Canal Officer, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons who shall generally be acceptable to the cultivators and who shall each have a direct interest in the land for which the lease is executed.

39. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

(i) In the preparation of applications for leases.

(ii) In the measurement of irrigated lands.

(iii) In recording the names of the occupiers of the holdings.

(iv) In receiving demand statements and distributing to the cultivator the individual notices of assessment.

(v) In attending, when required, at enquiries into complaints.

(vi) In reporting to the Subdivisional Canal Officer any changes in the occupancy of lands under lease.

(vii) In assisting the tahsildar in collecting rates.

40. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his or in their own occupation which may lie within the boundaries of the leased area, subject to a total limit of 3 per cent. of the area assessed. The Divisional Canal Officer may disallow in whole or in part this free irrigation, and may recover the rates which would otherwise have been payable in whole or in part if the assistance specified in rule 39 has not been efficiently rendered. The reasons for such disallowance shall be recorded in writing.

41. The Subdivisional Canal Officer shall maintain in his office a register containing a record of the names of all representatives and of the areas of free irrigation allowed to each.

42. Applicants for season leases shall be required to nominate one of their number who must have a substantial interest in the land to be irrigated as their representative. The representative so nominated shall perform the same duties as stated in rule 39 and shall receive remuneration on the same scale as in rule 40.

Power to decline or cancel leases.

43. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Engineer to direct that the lease shall be cancelled with

effect from the 16th of June next following. The order to cancel a lease shall be passed before the 1st of April of the year in which it is to take effect.

44. The Superintending Engineer may give directions to the Divisional Canal Officer to decline applications for irrigation leases of lands in villages where there has been persistent difficulty in realizing the water-rates, until all arrears have been paid.

He may further suspend, or altogether cancel, any lease for a term of years, if on the 1st June of any year water-rates to the extent of half the demand for one year are in arrears. Previous notice of intention to put this rule in force shall be given not later than the 15th April preceding.

Miscellaneous.

45. Tanks may be supplied with canal-water without charge, when water can be made available without injury to the cultivation dependent on a canal, under the following conditions:—

(i) That the water is to be exclusively used for domestic purposes, or for watering cattle.

(ii) That a channel exists through which water can pass without waste.

(iii) That the water shall only be supplied on the written order of the Subdivisional Canal Officer.

(iv) That any new outlet or sluice which may be required to allow of the supply being given shall be provided at the cost of the persons who ask for the water.

(v) That the supply of water may be stopped at any time if it is found that it is being misused.

46. Except when a public right-of-way exists, no person shall, without the permission expressed in writing of the Divisional or Subdivisional Canal Officer, pass himself, or cause any animal or vehicle to pass, on or across any of the works, banks or channels of a canal, or drainage work which is part of the canal system except by means of such bridges, fords and ferries as may have been provided for the purpose.

Any person who, after due warning, commits a breach of this rule, may be proceeded against under section 93, clause (9), of the Irrigation Act.

47. The use of any part of the banks or berms of any canal, drainage work which is part of the canal system, or flood embankment which is subject to the provisions of the Irrigation Act, as a place for relieving the calls of nature, is prohibited. Any person who after due warning commits a breach of this rule may be proceeded against under section 93, clause (9), of the Irrigation Act.

48. Should water be required for purposes other than irrigation, it may be supplied when available at a rate of one rupee per 10,000 cubic feet of water.

49. No officer employed on the canals, unless especially exempted by the Governor in Council from the operation of this rule, shall have any interest in the distribution of water from any of the canals or purchase or bid for any Government property sold thereon either in his own name or in the name of another, or jointly, or in shares with others.

*Schedule of rates for water supplied from the
Bakreswar Canal.*

RS. A.

For water supplied on a lease for a term of years: supply given from 16th June to 15th November of each year .. 4 8 per acre.

The rate is due in two equal instalments on the 1st of January and the 1st February of each year. Provided that when the sum payable by any lessee is less than Rs. 10, the whole amount shall be due on the 1st of January in each year.

For water supplied on a covering lease to irrigate lands for which a preliminary application for a lease for a term of years has been received and failing the completion of the same. The rate is due as in the case of a lease for a term of years .. 5 0 per acre.

For water supplied on a season lease for the irrigation of any crops between 16th November and 15th June .. 5 0 per acre.

The rate is payable on 1st July following.

For the unauthorised use of water or for the waste of water such rate may be charged as determined by the Divisional Canal Officer under rule 21, subject to a maximum of Rs. 7-8 per acre or 3 rupees per 10,000 cubic feet if taken into tanks, etc. Such rate shall be due on presentation of the notice of assessment to the person assessed.

Appendix I.

[Referred to in rule 9.]

Application for a lease for a term of years.

Rate Rs. 4-8 per acre; water to be supplied each year from the 16th June to 15th November only.

WE, the undersigned, of mauza ,
pargana , thana ,
apply for water to be supplied from the Bakreswar Canal for a term of years, commencing on the 16th June and ending 15th November. The supply of water is required for the irrigation of the block of land formed by our holdings as specified below.

2. We agree that the amounts due shall be payable to the Executive Engineer, Bankura Division, or to such person as he may appoint, on the 1st January and 1st February, or if Rs. 10 or under on 1st of January of each year, and shall be payable independently of our requiring water in any particular year or not.

3. We also agree to be bound by the rules published in the *Calcutta Gazette* for pages ,
Notification No. .

4. We agree that this application shall not be deemed to have been completed until all the irrigable fields within the block have been signed for, and that failing such completion any covering lease which may have been granted shall be enforced.

5. We agree that the areas* and amounts as given in the statement below are correct at the commencement of the lease, and in token of agreement we attach our individual signature or mark.

* Areas to be given in acres with a note to show the equivalent in the local measure of an acre.

6. Our heirs and representatives shall be bound by the terms of this agreement in case of our decease.

LIBERALITY OF AN ANONYMOUS DONOR.

No. 467T.Medl., dated Darjeeling, the 28th June 1930.

From—C. W. GURNER, Esq., I.C.S., Secretary to the Government of Bengal, Local Self-Government (Medical) Department,
To—The Surgeon-General with the Government of Bengal.

Minister-in-charge: The Hon'ble Kumar Shib Shekhareswar Ray.

I am directed to refer to your letters (1) No. 6537, dated 2nd April 1930, and (2) No. 117D., dated 21st April 1930, with which you submit copies of letters stating that "a grateful patient" of the Presidency General Hospital, Calcutta, has offered a gift to the hospital of 122'63 milligrammes of radium contained in platinum tubes, needles, etc., the value of which is estimated at £1,600 approximately, on the following terms and conditions:—

(1) The radium and equipment will remain in the custody of the Surgeon Superintendent of the Presidency General Hospital.

(2) It is only to be available for in-patients of the Presidency General Hospital.

(3) A charge may be made for its use in the case of room patients. Any profit after defraying running expenses will be devoted to the purchase of radium or equipment for the

use of radium. No charge will be paid for patients in the general wards.

(4) The radium and equipment to be vested in a Board of Trustees consisting of—

(a) A representative of the Indian Jute Association, nominated by the Committee of that Association.

(b) The President, for the time being, of the Calcutta Hospital Nurses' Institution.

(c) The Surgeon Superintendent of the Presidency General Hospital.

The decision of the Trustees regarding all questions as to the use and disposal of the radium and equipment shall be final.

(5) The radium and instruments will be manipulated by the Surgeons of Presidency General Hospital in consultation with the Surgeon Superintendent and Radiologist, if desired, for hospital purposes only and not for private practice.

(6) The radium and instruments will be insured against loss by theft and negligence.

2. In reply I am to say that the Government of Bengal (Ministry of Local Self-Government) are pleased to accept the gift on the terms and conditions mentioned. I am to request you to be so good as to convey to your correspondent the thanks of Government to the anonymous donor for the liberality and public spirit shown.

RESOLUTION—No. 3372Co-op.

Minister-in-charge: The Hon'ble Khan Bahadur
Maulvi K. G. M. Faruqi.

Read--

The Report on the working of the
Co-operative Societies in the
Presidency of Bengal for the
year ending 30th June 1929.

Administration.—Important decisions were taken after the close of the year in the matter of policy relating to the recruitment of the superior controlling staff of Assistant Registrars, and the employment of the subordinate auditing staff of primary societies.

Experience has shown that the arrangement under which the staff of Assistant Registrars has been loaned from the cadre of the Bengal Civil Service, Executive Branch, is not altogether satisfactory. It has also been found necessary to offer an opening to deserving and meritorious officers of the Subordinate Co-operative Service for promotion to the higher service. In 1928 one of these posts was filled by the promotion of a departmental officer. Other two posts have now been excluded from the cadre of the Bengal Civil Service and permanently filled by the selection of two officers—one belonging to that service and another by a member of the Bengal Junior Civil Service—who had served in the department and expressed their willingness to continue in it permanently. It has been decided that future recruitment to these three special posts, when they next fall vacant, will be made by selection of departmental officers. The remaining posts will continue to be filled by members of

the Bengal Civil Service who will stay in the department normally for a period of five years and then revert to their own cadre.

In order to remove the difficulty experienced in carrying out the statutory audit of primary societies owing to deficiency in the strength of the audit staff, Government have decided that, as the receipts from audit fees increase automatically from year to year, there should be a corresponding increase in the number of auditors. In accordance with this principle 60 additional auditors were sanctioned during the last financial year and 53 during the current year.

Necessary instructions have also been communicated to the Registrar as to the procedure to be followed for making provision for the staff required each year. As, however, the liability of Government to meet the cost of the audit staff of societies other than infant and anti-malarial societies must not exceed the receipts from audit fees, it is hoped that the societies from which they are due will realise the importance of punctual payment of these fees.

The Minister-in-charge trusts that with the appointment of the necessary staff for primary audit the Inspectors will now be in a position to devote more of their time to the important duties of propaganda, inspection, supervision and test audit, and above all to pay attention to the work of educating the members in the principles of co-operation on the great importance of which stress has been laid by the Royal Commission on Agriculture. He also expects that the Assistant Registrars will find it possible to get into closer and more frequent personal touch than at present with co-operators in their respective jurisdictions, so that they may have first-hand knowledge of all that should be known and rectify defects on the spot.

2. Progress of the movement.—The Royal Commission has rightly emphasised the vital importance of co-operation to the agriculturist. It goes without saying that this movement is a potential and progressive factor whether in the domain of agricultural finance which furnishes the sinews of material activity, or marketing of agricultural produce or the organisation of agricultural operations on a basis of joint endeavour or rural welfare. It is gratifying to notice that

the Bengal Co-operative Department is fully alive to the importance of an all-round application of co-operative principles for the improvement of the economic and other conditions of the people.

Adverse comment has sometimes been made of the fact that the credit aspect bulks so largely in the movement. But as pointed out by the Royal Commission, experience has amply proved the advantage of this type as a foundation for other forms of co-operation, and there are good reasons why the movement is still predominantly credit in its character. This side of the movement, therefore, needs as much attention as the non-credit side. Although success in co-operation cannot be gauged by figures, and although quality does not necessarily follow from numerical increase, statistics furnish interesting data for a critical study of the movement. The fact that during the year under review the proportion of members of agricultural credit societies to families in rural areas in the province was only 4·7 per cent., taking the number of rural families to be 8,702,000 as estimated by the Royal Commission on Agriculture, goes to indicate that the credit movement has so far been able to touch only a fringe of the rural population. And if the burden of debt of the rural population is to be lifted and their lot improved much patient and up-hill work on the credit side yet remains to be done by the department.

The proportion of average deposit amounting to Rs. 1·9 by an individual member to the average loan of Rs. 37·72 taken by him probably indicates scope for the inculcation of the habit of thrift among the members.

Last but not least is the steady increase of overdue loans which have gradually risen from Rs. 62·45 lakhs or 25·5 per cent. of the total outstandings in 1926-27 to Rs. 118·29 lakhs or 34·4 per cent. in the year under review. This feature has been engaging the attention of Government for sometime past. The increase has been attributed more or less to the unsatisfactory harvests and low price of agricultural produce, particularly of jute, during the last two years; and it has been pointed out that the owned capital of the societies sufficiently covers the entire amount of overdues and the position is well within the margin of safety.

Government in the Ministry of Agriculture however are not convinced that the accumulation of overdue loans could be entirely attributed to adverse agricultural conditions nor can they view with equanimity a situation which may jeopardise the healthy growth of the movement. The year under review was on the whole prosperous, but it is remarkable that the percentage increase of overdues in all the divisions was much higher than in the preceding year, when conditions were far less satisfactory. The causes must, therefore, be looked for elsewhere, and the Registrar should satisfy himself whether they have been due to inherent defects either in the management of the societies, the system of loans or the lack of co-operative education.

Turning to the non-credit side of the movement, Government are pleased to note that a policy of caution is being pursued in the organisation and working of societies and that more attention is paid to the expansion of business of the existing societies and consolidation rather than to the organisation of new societies. Too much stress cannot be laid on the importance of business management of these societies and their expert guidance, since experience shows that these are the essential requirements for ensuring the success of such societies.

Among the societies organised for the marketing of agricultural produce great interest attaches to the jute sale societies; and as pointed out by the Registrar the problems connected with this type of societies are for obvious reasons very difficult and complicated. The fluctuations in the Calcutta market and other speculative elements in the business are factors which render the business risky and uncertain. The financial and other aspects of these societies are now engaging attention.

The remarkable progress made by the co-operative societies for the marketing of milk furnishes an example of the success that can be achieved under expert guidance and advice.

3. Non-agricultural Societies.—

Among this class of societies great interest attaches to the anti-malarial and public health societies, the importance of which in promoting village welfare attracted the attention of the Royal Commission. The League of Nations Malaria Commission made a special

study of the working of the anti-malarial societies during its visit to the province.

The work of village reconstruction societies in Birbhum district under the Rural Reconstruction Department of the Visvavarati at Bolpur and of organisations among women also deserves mention.

The Royal Commission has drawn particular attention to the great opening for co-operative activities in the improvement of village life in order to bring home to the cultivators the value of "better living" which should follow from "better farming." In no field of rural work have co-operative and private organisations a greater opportunity for usefulness than in village uplift. The Minister-in-charge, therefore, trusts that co-operators will set themselves earnestly to the task of improving the lot of the agricultural population who constitute the backbone of the province.

4. Co-operative Finance and the Banking Enquiry Committee.—Particular interest attaches to the work of the Banking Enquiry Committee whose investigations cover a wide field including agricultural credit and credit facilities for allied industries as well as

cognate matters relating to rural banking, marketing, etc. The report of the Committee will be awaited with great interest.

5. Royal Commission.—The more important recommendations of the Royal Commission on Agriculture were considered at the Tenth Conference of Registrars of Co-operative Societies in India held at Simla in September and October 1928. They are now under consideration of this Government along with the resolutions of the Conference. It is worthy of note that the policy underlying the Royal Commission's recommendations is recognised in this Presidency and is generally followed in principle.

6. Acknowledgment. — Government have great pleasure in acknowledging the services rendered by a gradually increasing number of officials and non-officials who spared no pains to assist the growth of the co-operative movement.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 9th July 1930.

Summary.—During the week there was seasonable rainfall throughout the Province. More rain is, however, needed in parts of Western Bengal. Transplantation of winter rice is progressing briskly. Harvesting of jute and autumn paddy continues in East and North Bengal. The prospects of standing crops are on the whole favourable. The average price of common rice for the province has risen by about 0·46 per cent. as compared with that of the previous week.

CALCUTTA, the 18th July 1930.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 11th July 1930.

Monthly Weather and Crop Report of Bengal for June 1930.

I. Character of the season.—During the month under review, the rainfall was average in eleven districts, while elsewhere it was in defect. The usual rainfall statement is appended.

II. Progress of agricultural operations.—Preparation of lands for winter paddy and sowing of the same in nurseries continued under favourable conditions on the whole. Heavy rain in East Bengal checked the growth of highland jute, but more rain was still needed for preliminary operations in parts of West Bengal. Transplantation of paddy was reported to have commenced in some districts before the middle of the month. Weeding of autumn paddy was almost completed in East and North Bengal, while in West Bengal the operation still continued. Harvesting of lowland jute commenced in parts of East Bengal during the month.

III. State of standing crops.—The condition of standing crops was reported to be generally satisfactory.

IV. Prospects and probable outturn.—The outturn of autumn paddy is expected to be very satisfactory except in some East Bengal districts where heavy rain and flood affected the crop to a small extent. The prospects of sugarcane and deep water paddy are reported to be generally promising.

V. Damage to standing crops.—No damage to standing crops was reported from any part of the province, except from parts of Birbhum where locusts caused damage to paddy seedlings in the third week of the month.

VI. Condition of agricultural stock.—The condition of live-stock was reported to be generally fair. Sporadic cases of cattle-disease, however, were reported from the districts of the Presidency and from the States of Cooch Behar and Tripura.

VII. Failure of pasturage and fodder.—The supply of fodder was reported to be sufficient throughout the Presidency, except in the last part of the month from parts of the Tripura State.

VIII. Prices of food-grains.—During the second fortnight of the month, the retail price of common rice of the cheapest quality rose in four districts, fell in five and remained stationary in the rest of the Presidency. The prices varied from 9½ seers per rupee in Howrah to 5 seers in the 24 Parganas.

IX. Condition of agricultural population.—The condition of agricultural population continued to be fair on the whole.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 16th July 1930.

Summary.—During the week the rainfall was generally light to moderate. Transplantation of winter paddy seedlings is progressing under favourable conditions but more rain is still needed in parts of West and North Bengal. Cutting, steeping and washing of jute and harvesting of autumn paddy continue in East and North Bengal districts. State and prospects of standing crops are reported to be satisfactory. The average price of common rice for the province has risen by about 0·33 per cent. as compared with that of the previous week.

PRELIMINARY FORECAST OF THE JUTE CROP, 1930.

Consolidated Statement for Bengal, Bihar and Orissa and Assam.

[This Forecast deals with estimates of areas only. Estimates of outturn are dealt with in the Final Forecast.]

Revision of area for 1929.—It has been found advisable to increase the area published in the final forecast for 1929 by roughly 100,000 acres, the revised figure being 3,414,965 acres as against 3,316,605 acres.

Area in 1930.—The estimated area of jute in the three provinces is 3,506,700 acres, an increase of 91,700 acres, or about 2·7 per cent. as compared with the revised total for 1929.

The consolidated figures are as follows: —

DEPARTMENT OF AGRICULTURE, BENGAL.

PRELIMINARY FORECAST OF THE JUTE CROP OF BENGAL, 1930.

[NOTE.— On an average of the five years ending 1927-28, the area under jute in Bengal, to which this Forecast relates, represents some 86·1 per cent. of the total area under jute in British India.]

The Preliminary Forecast deals only with the estimates of area sown and the condition of the crop at the time of publication of the forecast. The estimates of area are based on information received through the Collectors from the Revenue staff; also from Panchayets and Agricultural Officers.

Revision of area.—It has been found advisable to increase the area published in the Final Forecast for 1929 by roughly 74,000 acres, or about 2·4 per cent.

Area sown in 1930.—In Bengal, returns for the present season shew a total area of 3,062,300 acres, an increase of about 42,000 acres, or 1·4 per cent. as compared with the revised figures for 1929.

Character of the season.—Up to date, excepting in small areas in the Presidency and Rajshahi Divisions, where sowings were retarded by drought, weather conditions have been favourable throughout the jute-growing tract. The very gradual rise of the rivers has also helped the lowland crop.

Present state of the crop.—The present state of the crop may be regarded as having been exceptionally good up to the middle of June. Latterly heavy rain has checked growth in parts of Eastern Bengal, but the outlook is still favourable, on the whole.

Stock.—Stocks of fibre from last year's crop are reported to be considerable.

Director of Agriculture, Bengal.

1	2	3	4	5	6
	Acres.	Acres.			
24-Parganas ..	69,700	69,000	None ..	Middle of May. Late.	The weather has not been very favourable. Present condition of the crop is good.
Nadia ..	65,292	56,000	Little ..	Beginning of May. Late.	The weather and condition of the crop are fair.
Murshidabad ..	33,825	33,000	Little ..	Middle of May to middle of June. Late.	The weather has not been favourable. Slight damage has been done by locusts in parts of Jangipur. Present condition of the crop is not good.
Jessore ..	102,500	103,000	Little ..	Latter part of April and beginning of May. Normal.	The weather has been favourable. Present condition of the crop is fair.
Khulna ..	32,800	35,000	Little ..	Middle of May. Late.	The weather has been favourable. Present condition of the crop is good.
Burdwan ..	3,075	3,000	Much ..	End of May ..	The weather has not been favourable. Present condition of the crop is fair. More rain is necessary.
Midnapore ..	7,608	8,000	Very small ..	Between May and June. Late.	The weather has been favourable all along.
Hooghly ..	28,188	29,000	Little ..	End of May. Late.	The weather has been favourable on the whole. The plants are thriving. Condition of the crop is promising.
Howrah ..	6,867	7,000	Little ..	Early June. Late.	The weather has not been favourable owing to some damage caused by drought. Present condition of the crop is not satisfactory.
Rajshahi ..	95,940	85,000	Much ..	May. A little late.	The decrease in area is due to want of rain at sowing time and to fall in price of jute during last year and the year before. The weather has not been favourable. Heavy rains in June affected the crop to a certain extent.
Dinajpur ..	72,775	73,000	Much ..	Last week of April. Normal.	The weather has not been favourable owing to want of rains. Excessive rain recently has caused slight damage. Present condition of the crop is fair.
Jalpaiguri ..	43,050	42,000	Little ..	By the second week of April. Normal.	The weather has been favourable. Present condition of the crop is good.
Darjeeling ..	3,588	4,000	Nil ..	April. Normal	The weather has been favourable. Present condition of the crop is good.
Rangpur ..	328,000	320,000	Little ..	March. Normal	Little decrease in area is due to drought followed by heavy rains. The weather has not been favourable. A little damage has been caused by hail-storm. Present condition of the crop is fair.
Bogra ..	102,500	103,000	Little ..	February. Normal.	The weather was favourable at sowing time, but rain in the middle of June has done some harm to lowland crops. Present condition of the crop is fair.
Pabna ..	158,875	155,000	About two annas of last year's crop.	Latter part of March. Normal.	The weather has been favourable. Present condition of the crop is satisfactory.
Malda ..	38,950	38,000	Nil ..	May. Late ..	The weather has not been favourable owing to drought at sowing time. Present condition of the crop is fair.
Dacca ..	355,675	378,000	Little ..	End of February. Normal.	The increase in area is due to favourable weather at sowing time. Present condition of the crop is fairly satisfactory.
Mymensingh ..	707,250	749,000	Little ..	Middle of March. Normal.	The increase in area is due to favourable conditions at sowing time, but excessive rain later in June affected the crop, especially in the low-lying areas. Present condition of the crop is fair.
Faridpur ..	307,500	314,000	Very little ..	Middle of March to beginning of April. A little late.	The weather has been generally favourable. Present condition of the crop is fair on the whole.
Bakarganj ..	51,250	52,000	Little ..	March. Normal	The weather has been favourable. Present condition of the crop is good.

DEPARTMENT OF AGRICULTURE, BIHAR AND ORISSA.

PRELIMINARY FORECAST OF THE JUTE CROP OF BIHAR AND ORISSA, 1930.

[NOTE. On an average of the five years ending 1927-28, the area under jute to which Bihar and Orissa Forecast relates, represents about 8.0 per cent. of the total area under jute in British India.]

The present Forecast deals only with the estimated area sown. It gives also a general survey of prospects, but makes no reference to the probable outturn either in percentage figures or in bales.

2. **Acreage.**—I estimate the area sown during the current and four preceding years in round numbers as follows:—

Year.				Acreage.
1926	..	..	..	297,000
1927	..	..	..	241,000
1928	..	..	..	247,000
1929	..	..	..	238,000*
1930	..	..	..	238,000

3. **Weather conditions.**—In March light showers fell in the jute districts. The fall was above the normal in Champaran, Muzaffarpur, Darbhanga, Bhagalpur and Purnea, and below the normal in the remaining three jute districts. In April and May light rain fell in all the jute districts. The fall was below the normal everywhere. In June rain fell in all the jute districts; the fall was light to moderate everywhere. The weather conditions are reported to be favourable except in Purnea and the Santal Parganas. Sowings are still going on in Purnea, Cuttack and Balasore.

4. **District returns.**—Last year's area under jute was finally estimated at 231,400 acres, but recent enquiries show that this estimate is still lower than the mark and that last year's area was not less than 238,000 acres and the latter acreage therefore has been shown this year. The total area under jute this year is estimated by District Officers in round figures at 176,100 acres, and in my opinion this is highly under estimated and this year's figure is likely to be not less than 238,000 acres which is the revised estimate for last year.

5. **Condition and prospects.**—The condition of the crop is fair.

6. **General.**—The quantity of jute which remains in the jute districts from the crops of 1929 is reported to be small except in parts of Purnea.

The statement below compares the estimated area under jute in this province this year with the preliminary and final figures of last year:—

Name of province.	Estimated acreage under jute.			Difference between the preliminary forecast of 1930 and Final Forecast of 1929.

Tirhut	Champaran	Acres.	Acres.	Acres.	Acres.	Acres.	Nil	April	The weather and rainfall have been favourable. The present condition of the crop is fair. The date of sowing was normal and has been completed.
	Muzaffarpur	..	1,627,000	2,400	4,000	3,800	Nil	March	The condition of the crop is fair. The date of sowing was normal.
	Darbhanga	..	1,677,800	(a) 1,600	..	1,236		Latter part of May and early in June (normal).	The weather and rainfall have been favourable. The prospect of the crop is good.
Bhagalpur	Bhagalpur	..	1,684,100	2,300	4,107	4,305	Little	April (normal)	The cultivation of jute has increased in Supaul subdivision as the cultivators are benefited by its cultivation.
	Purnea	..	1,634,400	176,700	160,000	140,000	Much in Araria but little in Sadr and Kishanganj.	April	The weather and rainfall were not favourable for the growth of the crop. The present condition of the crop is fair. The sowing was late at places for want of timely rainfall. At other places it was normal where the jute was sown in low-lands. The sowing is still continuing in some places. The crop of this year is expected to be about the same as the year except in Kishanganj, where it is expected to be less. The decrease in area under the crop is due to late rainfall and the low price the jute of last year fetched.
	Santal Parganas	..	1,717,000	1,100	1,000	750	Very little	May (normal)	Scanty rainfall has somewhat stood in the way of the satisfactory growth of the seedling though no appreciable damage has yet been done to them. The condition up till now is fair.
Orissa	Cuttack	..	1,233,500	17,000	16,100	15,500	Ditto	2nd week of May (normal).	The weather and rainfall appear favourable for the crop. The sowing of jute has not yet been completed.
	Balasore	..	932,200	2,500	2,800	2,800	Little	Latter part of May	The weather has been favourable. Sowings have not yet been completed.

DEPARTMENT OF AGRICULTURE, ASSAM.

PRELIMINARY FORECAST OF THE JUTE CROP OF ASSAM, 1930.

[NOTE.—On the average of the five years ending 1927-28, the area under jute in Assam represents 4·7 per cent. of the total area under jute in British India.]

Character of the season.—The weather has been on the whole favourable for the cultivation and growth of the crop. Slight damage has however been done by hailstorms in the Goalpara and Nowgong districts. The present condition of the crop appears to be good and prospects are better than last year in all districts except Sibsagar where the outturn is expected to be below normal.

2. Area sown.—The total area under jute as estimated by the Deputy Commissioners is 206,400 acres against the final area of 156,600 acres of last year. There is increase in area in all districts except Kamrup and it is due to favourable weather condition at the sowing time.

3. Stock.—According to the reports of the Deputy Commissioners, a little jute remains in stock from last year's crop in Goalpara, Kamrup and Darrang, but the Deputy Commissioner, Nowgong, reports a rather considerable stock in hand.

APPENDIX I.

Preliminary forecast of the jute crop of Assam, 1930.

District.	Area under jute.			Difference between the figures now estimated for 1930 and the final of 1929.		Whether much, little or no jute remains in the district from the crop of 1929.	Date by which the sowing of the crop generally commenced this year and whether that date was early, normal or late.	Remarks by the Deputy Commissioners.
	Normal.	Final of 1929.	Now estimated for 1930.	Increase.	Decrease.			
1	2	3	4	5	6	7	8	9
	Acres.	Acres.	Acres.	Acres.	Acres.			
Cachar ..	300	200	400	200	..	No ..	Beginning of April. Normal.	The increase in area is due to favourable weather at sowing time. Till now the condition of the crop is good and the outturn is expected to be better than last year.
Sylhet ..	20,000	5,700	21,600	15,900	..	No ..	Beginning of March. Early.	The increase in area is due to failure of last year's crop resulting in widespread distress in the district from which people have sought early relief by extensive jute cultivation to make good their loss. The weather is favourable for the crop and a better outturn than last year is expected.
Goalpara ..	60,000	58,400	84,800	26,400	..	Little ..	First part of April. Normal.	The increase in area is due partly to the extension of cultivation and partly to favourable weather at the sowing time. The effect of weather on the crop has been good for the growth, although slight damage was done by hailstorm in some places. The present condition of the crop is good and a better outturn than last year is expected.
Kamrup ..	15,000	19,800	17,700	..	2,100	Little ..	Beginning of April. Normal.	The decrease in area as compared with the last year's actual is due partly to ordinary fluctuations and partly to the fact that more land has been occupied for growing autumn rice. The weather has been favourable for the cultivation and growth of the crop and the outturn is expected to be better than last year.
Darrang ..	12,000	17,300	18,600	1,300	..	Little ..	Middle of April. Normal.	The increase in area is due to extension of cultivation. The weather has been favourable for the crop and a better outturn than last year is expected.
Nowgong ..	40,000	49,000	50,600	7,600	..	Considerable quantity remains.	First week of March. Early.	The favourable weather at the sowing time accounts for the increase in area. The present condition of the crop is good and the outturn is likely to be better than last year. A little damage to the crop was done by the hailstorm.
Sibsagar ..	300	400	400	..	..	No ..	Middle of April. Normal.	The weather on the whole was not quite favourable on account of continuous rain at the sowing time. Till now the weather remains almost to be the same and so the outturn is expected to be below normal.
Lakhimpur ..	200	1,100	1,200	100	..	No ..	First week of April. Normal.	The increase in area is due to extension of cultivation. The weather has been generally favourable for the crop, although heavy rains in the middle of April interfered with the sowing operation. The present condition of the crop appears to be good and a better outturn than last year is expected.
Garo Hills (Plains)	3,300	4,700	5,100	400	..	No ..	Middle of March. Normal.	Favourable weather accounts for the increase in area. The weather till now is favourable and the condition of the crop is good. The outturn is expected to be better than last year.
Total ..	151,700	156,600	208,400	51,900	2,100

CHAIRMAN,**Annual Accounts for the year ended 31st March 1929.**

I beg to submit the Accounts for the year ended 31st March 1929.

CAPITAL ACCOUNT.

RECEIPTS.—The receipts for the year ended 31st March 1929, amounted to Rs. 35·37 lakhs against the Annual Budget estimate of Rs. 26·98 lakhs. The actuals and the estimates of the different sources of income compare as follows:—

	Budget.	Actuals.	Difference.
	Rs.	Rs.	Rs.
Fees under section 78 ..	1,50,000	1,27,820	—22,180
Sale of land ..	25,00,000	32,75,080	+7,75,080
Sale of buildings ..	40,000	1,27,500	+87,500
Sale of old materials, etc. ..	8,000	7,150	—850
Total ..	26,98,000	35,37,610	+8,39,610

EXPENDITURE.—The total expenditure for the year was Rs. 63·70 lakhs or Rs. 21·70 lakhs less than the budget provision of Rs. 85·40 lakhs. The main items of difference between the estimates and the actuals compare as follows:—

	Budget.	Actuals.	Difference.
	Rs.	Rs.	Rs.
Cost of land ..	62,50,000	46,82,200	15,67,800
Engineering Works (including stores) ..	17,43,731	12,24,500	5,19,200
Bridges ..	3,03,000	2,55,900	47,100
Other charges ..	2,43,950	2,07,700	36,200
Total ..	85,40,681	63,70,300	21,70,300

No value is included in the asset side of the balance sheet in respect of surplus land in possession of the Trust nor in respect of mortgages and rent charges executed by the purchasers. These at 31st March 1929 were estimated as follows:—

	Rs.
Surplus land available for auction ..	1,72,62,000
Re-housing schemes ..	30,59,000
Storeyard ..	1,03,000
Mortgages and rent charges ..	86,73,000
Total ..	2,90,97,000

The total loans raised by the Trust amount to Rs. 2,73,50,000.

The closing deficit on capital account which it was estimated would amount to Rs. 344·82, stood at Rs. 313·43 lakhs arrived at as follows:—

	Estimated.	Actuals.
	Rs.	Rs.
Opening deficit at 31st March 1928 ..	286·64 lakhs.	285·10 lakhs.
Receipts during the year ..	27·38 ..	35·37 ..
	314·02 ..	249·73 ..
Expenditure during the year ..	85·56 ..	63·70 ..
Closing deficit at 31st March 1929 ..	344·82 ..	313·43 ..

REVENUE ACCOUNT.

RECEIPTS.—The total receipts for the year are Rs. 51·82 lakhs against a budget estimate of Rs. 44·27 lakhs. The increase of Rs. 7·55 lakhs is distributed over almost all of the revenue heads of income appearing in the budget.

EXPENDITURE.—The expenditure for the year was Rs. 29·30 lakhs against a budget provision of Rs. 31·38 lakhs. The reduction in expenditure of Rs. 2·09 lakhs is principally due to a gain in exchange in remitting the interest on sterling debenture loans, and reduced expenditure on stamp duty and establishment charges.

To the total revenue expenditure of Rs. 29·30 lakhs there remains to be added a sum of Rs. 1·31 lakhs representing the depreciation on a valuation of the Trust investments in Government securities, etc., made at 31st March 1929.

The closing balance on revenue account shows a surplus of Rs. 3,87,86,362·0·2 of which a sum of Rs. 3,13,42,883·9·5 has been spent on capital account to meet expenditure in excess of capital receipts. The net balance Rs. 74,43,478·6·9 was held as follows:—

**RESOLUTION ON THE REPORT OF
THE ADMINISTRATION OF THE
JAILS DEPARTMENT, BENGAL,
1929.**

POLITICAL DEPARTMENT.

Jails.

CALCUTTA, THE 25TH JULY 1930.

RESOLUTION—No 3376P.J.

Read—

The Report on the Administration of the Jails Department of the Presidency of Bengal for the year 1929.

Read also—

The Reports for the years 1927 and 1928 and resolutions of Government thereon.

1. The average jail population in the jails of Bengal rose to 14,477, thus maintaining the somewhat noticeable increase remarked in the three preceding years. The average number of male convicts per diem was 14,325 and of females 152. The number of admissions during the year was 77,981 as against 74,774 in the preceding year, of whom 130 were young persons of less than 16 years of age. Government agree with the Inspector-General that the appreciable rise in the admission of juvenile prisoners to ordinary criminal jails is to be deplored. An unsatisfactory feature, and one to which Government have on previous occasions drawn the attention of Magistrates, is the fact that 28 per cent. of convicts received sentences not exceeding one month, while a further 25 per cent. received sentences not exceeding three months. The number of reconvicted prisoners admitted showed, however, a slight decrease.

2. The Governor in Council observes with pleasure the continuance of the progressive improvement in the death-rate of prisoners. In the year under review this fell to 12.2 per mille, which is the lowest figure on record in this province. This figure is an indication of the skill and care exercised by Superintendents and their staff, particularly the medical staff, and is likewise a satisfactory comment upon the rules laid down for the diet and treatment of prisoners in the jails of this Presidency.

3. The total cost of guarding and maintaining the prisoners shows a slight increase, the decrease in dietary charges being more than counterbalanced by the larger expenditure on establishment consequent upon the increased rates of pay granted to head warders and warders and certain additions to the staff in central jails.

4. Although the daily average prison population was higher, the daily average number of convicts under sentence of labour decreased.

5. The total earnings of the manufacturing departments of the jails showed a slight increase from Rs. 4,17,555 in 1928 to Rs. 4,19,250 in 1929. Steps have recently been taken with a view to securing that the other departments of Government are not only aware of the articles which the Jails Department manufacture and the rates at which they are able to supply them, but shall place with the Jails Department their orders for such articles as a matter of course.

6. The average period of detention of prisoners awaiting trial shows a regrettable increase. The total average for Sessions cases being 56 days as against 45 of the preceding year, and in cases other than Sessions cases 25 as against 21 of the preceding year. The figures for the districts of Krishnagar, Dacca, Rajshahi, Bogra, Pabna and Faridpur are particularly deplorable in respect of Sessions cases, while in other cases Dacca, Berhampore and Chittagong are noticeable. The attention of the Judicial Department will again be drawn to these delays.

7. The increased rates of pay granted to the warder staff have encouraged the men to remain in the service and have contributed to the decrease in loss of efficiency due to sickness. Before any marked improvement in the general standard of their work can be expected to appear, arrangements, now unhappily held up for lack of funds, must be made for affording them suitable training in their difficult duties when they join the force.

8. The Governor in Council notices with pleasure the success of the efforts to provide primary education for young prisoners in the Alipore Central Jail where the scheme has now been sanctioned as a permanent measure. It is hoped that primary education will soon be introduced in the other four central jails with equally successful results. The

importance to the control of crime in the province of according correct treatment to young offenders cannot be over-estimated, and the very interesting and encouraging account which the Inspector-General is able to give of the development of the Borstal School at Bankura should not only lead the Courts to study the possibilities of the Act and make a discriminating use of the institution, but should attract and hold the interest and active support of all persons who desire to assist in the conversion of potential criminals into useful and productive citizens. The Borstal School can do much for young persons committed to it, but its efforts will go in vain unless the public at large recognise that they and they alone can ensure the ultimate success of its work by the practical help and sympathy which they extend to the boys on return to normal life, and by actively participating in the work of the After-care Associations which are assisting their return to society. The Governor in Council again desires to place on record his appreciation of the services of those non-official gentlemen who have shown a practical interest in this work.

9. The effective separation of different classes of prisoners is as important to the prevention of crime as it is difficult to ensure. During the year under review arrangements were completed for converting the Presidency Jail into a special jail for the confinement of habitual offenders and recidivists, and it is hoped that this step may prove to be the first of others in this direction. Contamination does not, however, take place only after conviction. The accommodation for undertrial prisoners has long ceased to be sufficiently spacious to admit of the segregation of known offenders from other persons awaiting trial, and the problem can only be solved by extensive new building projects entailing considerable expenditure.

10. The inadequacy of the provision for the accommodation of lunatics in this Presidency continues to lead to the

incarceration of prisoners in criminal jails who ought to be receiving proper treatment in institutions devoted to the purpose.

11. The number of offences committed by prisoners in jail again shows a decrease although the daily average population has risen. The number of prisoners punished with whipping was 9 as against 5 in the preceding year. In 21 jails out of 25 there was no punishment of whipping.

12. The Governor in Council regrets that financial difficulties have prevented more rapid progress in the introduction of those reforms recommended by the Jails Committees. With the means at his disposal Colonel Simpson and the staff of his department have not spared themselves in the effort to ensure that everything possible was done to minimise the effect of financial stringency on the solution of the difficult problems with which they are faced in this Presidency. Mention was made in the resolution of last year of the distinguished services rendered by Lieutenant-Colonel Hamilton who has since retired from the service, and the Governor in Council desires to reiterate his sense of the loss which the department has suffered by his departure. He also desires to acknowledge the good work done during the year 1929 by the officers specially mentioned in Colonel Simpson's interesting report.

Order---Ordered that a copy of this resolution be forwarded to the Inspector-General of Prisons, Bengal, for information and guidance.

Ordered that a copy of this resolution and a copy of the report be submitted to the Government of India in the Home Department.

Ordered also that the resolution be published in the *Calcutta Gazette*.

GOVERNMENT OF INDIA.

Finance Department.

NOTIFICATION.

Simla, the 23rd July 1930.

No. F. 3 (XI)—F/30.—Subscriptions for an issue of 6 per cent. Bonds, 1933-36, will be received without limit of amount from the

28th July to the 6th August 1930 inclusive. Subscriptions may be in the form of cash or of treasury bills or of 6 per cent. Bonds, 1930.

6 per cent. Bonds—Issued at Rs. 100 per cent. and repayable at par not earlier than 1933 and not later than 1936.

2. *Date of repayment.* If not previously repaid, the bonds will be repaid at par on the 15th August 1936, but the Government of India reserve to themselves the right to repay the bonds, or any part thereof, at par, on or after the 15th August 1933 on giving three calendar months' notice in the *Gazette of India*.

3. *Issue price.*—The issue price will be Rs. 100 for every Rs. 100 of the Bonds applied for.

4. *Interest.* The bonds will bear interest at the rate of 6 per cent. per annum from the 15th August 1930. Interest will be payable half-yearly on the 15th February and the 15th August, and will be liable to income-tax.

Interest from the date of application to the 14th August 1930, inclusive, will be paid at the time of the issue of the new securities, at the rate of 6 per cent. per annum on the nominal value of the bonds.

Conversion terms.

5. 6 per cent. Bonds, 1930, will be accepted in subscription to the 6 per cent. Bonds,

1933-36, as the equivalent of cash at their full maturity value, that is to say, at Rs. 100 per Rs. 100 nominal of the bonds tendered.

Interest at the rate of 6 per cent. per annum (free of income-tax) due for the full half-year ending the 14th August 1930 on the 6 per cent. Bonds, 1930, accepted for conversion will be paid at the time of the issue of the new securities in addition to the advance interest payable in accordance with paragraph 4.

Supplementary provisions.

6. The bonds will be issued in the form of—

- (i) Stock, the applicants for which will be given Stock Certificates, or
- (ii) Promissory Notes.

If no preference is stated by the applicant, the securities will be issued in the form of promissory notes.

7. Applications for the bonds must be for Rs. 100 or a multiple of that sum.

8. Applications will be received at any of the following offices:—

- (a) The Local Head Offices and Indian branches of the Imperial Bank of India;
- (b) Offices of the Controller of the Currency, Calcutta, and of the Accountants-General, Madras and Burma; and
- (c) Any Government treasury.

9. Applications may be in the form attached hereto, or in any other form which states clearly the amount and description of the securities required, the full name and address of the applicant, and the treasury or sub-treasury at which he desires that interest shall be paid. Applications should be accompanied by the necessary payment in any of the forms mentioned below.

10. Payment may be made in any of the following forms:—

- (a) *In cash or by cheque.*—Cheques accompanying applications presented at a Local Head Office or branch of the Imperial Bank of India should be drawn in favour of the Secretary and Treasurer, or the Agent of the branch, as the case may be. Cheques accompanying applications at a Government office should be drawn in favour of the Government officer to whom the application is presented.
- (b) *By tender of 6 per cent. Bonds, 1930, of which the nominal value is a multiple of Rs. 100.* Applicants who tender bonds in payment must transfer such bonds to Government, (a) in the case of Promissory Notes, by endorsing them with the words "Pay to the Governor General in Council" over their signature, and (b) in the case of

Stock, by signing the form of transfer deed on the back of the Stock Certificate before a witness.

(c) *In Indian treasury bills.*—At the Local Head Offices of the Imperial Bank of India at Calcutta, Bombay and Madras, and at the Cawnpore, Lahore, Karachi and Rangoon branches of the Bank, Indian treasury bills payable at the place of presentation of the application will be accepted as cash as follows:—

(i) Bills maturing up to the 31st August 1930 at their face value *less* discount at the rate of 3 per cent. per annum on the unexpired portion of the currency of the bills.

(ii) Bills maturing on or after the 1st September 1930 up to the 31st October 1930 at their face value *less* discount at the rate of 4 per cent. per annum on the unexpired portion of the currency of the bills.

(iii) Bills maturing on or after the 1st November 1930 at their face value *less* discount at the rate of 4½ per cent. per annum on the unexpired portion of the currency of the bills.

If the discounted value of the treasury bills tendered is not an exact multiple of the issue price per cent. of the bonds applied for, the tenderer will receive in cash, at the time of the issue of the new securities, the amount by which the value of the treasury bills tendered exceeds the nearest lower multiple of such issue price.

11. Brokerage will be paid at the rate of 1 16 per cent. to recognised brokers and bankers on applications for bonds bearing their stamp.

12. Applications accompanied by subscriptions in cash and in 6 per cent. Bonds, 1930, will also be received at the London Office of the Imperial Bank of India. Cash subscriptions should be made at the rate for telegraphic transfers on Calcutta on the date of payment.

Advance interest and cash payments due in accordance with paragraphs 4 and 5 above will be paid by the London Office of the Imperial Bank of India by means of rupee drafts on India which will be negotiated by the Bank, if the recipient so desires, at the current rate on the date of payment of subscription.

The London Office of the Imperial Bank of India will send advices to the Public Debt Office, Calcutta, of all applications received by them, and the latter will forward the scrip direct to the applicants.

By order of the Governor-General in Council,

A. C. McWATERS,

Secretary to the Government of India.

Holds that the salvation of India depends upon the revival of her cultural swaraj necessitating her people's halting on the path of Western civilization, if not retracing their steps to some extent, discusses the possibilities of the revival of cultural swaraj and suggests various means (such as co-operative movement, social reform, propagation of ancient culture, the promoting of the virtues of benevolence, self-abnegation and renunciation, practice of Brahmacharyya, etc.) for the revival.] Pages 1 + 290.
